** Draft amendments.*

(1) Remove the heading "Distrain and sale of moveable property of defaulter" from above rule 18.

(2) Add the following sentence to rule 18, namely :—

"If any of the defaulters shall not, within fifteen days of such publication of the list, pay the sum due, or show to the union board sufficient cause for not paying the same, the procedure prescribed in rules 19 to 27 shall be followed for the recovery of the arrears rate."

(3) For rule 19 substitute the following under the heading "Distrain and sale of moveable property of defaulter," namely:—

"19. The president or, if so directed by him, the vice-president shall cause the chaukidar or any other person authorised in writing by the president or the vice-president to levy by the distrain and sale of a sufficient portion of the moveable property of the defaulter, except plough-cattle and tools and implements of trade and agriculture, the

amount of his arrear, together with a sum equal to half the amount of such arrear, by way of penalty in the case of an arrear of rate :

Provided that when the moveable property distrained is shown to the satisfaction of the union board to have been left in the building for repairs or safe custody in the ordinary course of business, it shall be released."

(4) In line 1 of rule 22 after the word and figure "rule 19" *insert* the words "in the case of an arrear of rate," and put a comma after the word "paid" and another comma after the word "rate".

(5) *Omit* the words "for the recovery of the union rate" at the end of rule 26.

RULES.

[In these rules "the Act" means the Bengal Vaccination Act, 1880, as amended by the Bengal Vaccination (Amendment) Act, 1911.]

Qualifications and duties of Inspectors and Sub-Inspectors.

Qualifications.

1. Every candidate appointed as a Sub-Inspector or Inspector shall ordinarily be required to possess the qualifications enumerated below:—

- (a) He shall not be more than 25 years of age.
- (b) He shall be physically active and able to walk, ride or cycle long distances.
- (c) He shall be a domiciled resident of the district.
- (d) He shall possess a working knowledge of the English language, the Matriculation Examination of the Calcutta University being adopted as the standard for this purpose.
- (e) He shall possess a practical knowledge of the provisions of the Act and the registers, returns, forms and certificates required to be maintained under the Act.
- (f) He shall possess an adequate knowledge of the technique of vaccination, including the—
 - (i) phenomena of the vaccine disease;
 - (ii) approved methods of performing vaccination;
 - (iii) approved methods of collecting and storing lymph;
 - (iv) ability to recognise a satisfactory vesicle and cicatrix and the remedial steps necessary in the case of complications; and
 - (v) phenomena of small-pox.

2. In selecting candidates for the posts of Sub-Inspector and Inspector, preference shall be given to those candidates who have attended a vaccination class at any one of the medical schools and colleges recognised under the Bengal Medical Act, 1914, or passed the examination for the training of Sanitary Inspectors or passed in Hygiene only in the said examination.

Duties.

3. Every Inspector and Sub-Inspector shall be under the immediate orders and executive control of the District Health Officer.

4. In addition to the duties imposed upon him by the Act and by the rules and by-laws framed thereunder and also by any other law for the time being in force regarding vaccination, every Inspector and Sub-Inspector shall perform the following duties:—

- (a) He shall execute and enforce the regulations, rules and orders relating to vaccination, which may be enacted, made or issued by competent authority.
- (b) He shall inquire into and ascertain the causes, origin and distribution of small-pox within the district and endeavour to advance vaccination as a remedial and a preventive measure.
- (c) He shall see that vaccination is carried out thoroughly and efficiently by the public vaccinators employed in his jurisdiction.
- (d) He shall bring to the notice of the District Health Officer all acts of neglect, carelessness, unsatisfactory work and disobedience of orders and instructions on the part of the public vaccinators employed in his jurisdiction.
- (e) Under the orders of the District Health Officer, he shall direct operations undertaken for the purpose of stamping out small-pox epidemics.
- (f) He shall divide the area in his jurisdiction into as many groups or circles as there are public vaccinators. After obtaining the approval of the Chairman of the District Board through the District Health Officer to his proposals, he shall furnish for guidance every public vaccinator in his jurisdiction with a list of the villages and their population in the vaccinator's circle. The division of the district into circles may be modified to suit local requirements, but, as far as possible, they shall correspond with police circles to facilitate the obtaining of vital statistics from the police-stations and thanas.
- (g) He shall arrange, with the approval of the District Health Officer, a tour programme, giving approximately the dates on which he proposes to visit each locality in his jurisdiction. Except in cases of emergency, the tour programme so approved shall not be altered or modified without the previous consent of the District Health Officer. He shall keep the latter informed of his movements by submitting to him weekly post-card reports. As a rule, he shall not remain in any one locality for more than three days, and then only when absolutely necessary. He shall be required to tour for not less than 120 days during the period from the 1st October to the 31st March every year.

- (h) Unless a full day's work or travelling is performed or unless he is absent from his headquarters for twenty-four hours, the time spent on tour shall not be counted as a day on tour. Days of commencement or termination of tours on which journeys are begun late or end early shall not be counted for the purpose of the preceding rule.
- (i) He shall tour within the area in his jurisdiction consecutively and systematically and shall be required to inspect and report on the work of every public vaccinator in his jurisdiction. No tour shall be less than seven days in duration and shall comprise the adequate inspection of at least one thana.
- (j) Every Inspector shall visit the jurisdiction of every public vaccinator once and every Sub-Inspector twice every year.
- (k) During the period from the 1st October to the 31st March every year, he shall not remain at his headquarters longer than seven days (including Sundays and other holidays) in any one month.
- (l) Unless specially exempted, he shall tour by riding a pony or a cycle which he is required to maintain or keep for his work.
- (m) He shall furnish the local authorities at least twenty-four hours' notice of his proposed visits for inspecting the vaccinated children of the locality.
- (n) He shall inspect vaccinated children in their villages and not collect them at centres of his jurisdiction.
- (o) He shall test the village vaccination registers (Vaccination Form No. 1) calling over the names entered in them, compare the results therein shown with the arms of the children inspected and enter opposite every name the result observed, initialling and dating his remarks. He shall satisfy himself that every child absent at his inspection is satisfactorily accounted for by the village headman or panchayat or some other trustworthy person, and make a suitable note opposite the name of every absentee. He shall not be accompanied by the public vaccinators during such inspections. He shall see that the ages entered of those persons vaccinated are approximately correct, especially in the cases of infants under one year of age.
- (p) He shall keep a record of every unvaccinated child in the localities visited and report to the District Health Officer once a month the proportion of children left unprotected in every locality.
- (q) During his tour, he shall verify deaths from small-pox and submit the results of verification to the District Health Officer (Vaccination Form No. 35).
- (r) He shall carry with him on tour a diary (Vaccination Form No. 34), which he shall post up from day to day. He shall keep his diary carefully, correctly and fully, especially the "Inspection note" column, which shall be conscientiously written up. He shall submit his diary before the fifteenth day of the month following that to which it relates.
- (s) He shall carry with him on tour a reserve stock of vaccinating lancets and vaccine lymph, indenting for a regular reserve supply of the latter for use in emergencies and for issue to public vaccinators, should their supply be exhausted.
- (t) He shall receive or prepare, check, tabulate, and forward to the District Health Officer the monthly and other returns from the public vaccinators in his jurisdiction.
- (u) He shall submit such report or reports in regard to the work of the area in his jurisdiction as may be required from him by competent authority.
- (v) Every Inspector shall check the work performed by the Sub-Inspectors in his district and shall report to the District Health Officer on their work and conduct.
- (w) In the month of September every year, every Inspector shall be required to give a course of instruction to all the public and apprentice vaccinators in his district.
- (x) During the period from the 1st April to the 30th September every year, he shall be employed on such duties other than those relating to vaccination as may be ordered by the District Health Officer, under the direction of the Chairman.
- (y) He shall submit on the prescribed dates the various returns and indents enumerated below :—
- (i) Weekly diary.
 - (ii) Monthly vaccination report.
 - (iii) Quarterly vaccination report.
 - (iv) Annual returns of vaccination.
 - (v) Indent for surgical instruments.
 - (vi) Indent for vaccine lymph.
 - (vii) Indent for vaccination forms.

(f) General Instructions.

16. In addition to the duties imposed upon him by the Act and by rules framed thereunder and also by any other law for the time being in force regarding vaccination, every public vaccinator shall perform the following duties :—

- (a) To visit by rotation every village in his circle, for which purpose he should give sufficient notice to the village headman or panchayat. He shall also report to his Sub-Inspector his work and movements by weekly post-cards.
- (b) With the assistance of the headman or panchayat, to have collected at some central and convenient place in the village all such unprotected children in the village as are brought up for vaccination and to operate upon every such child and to maintain a list of the unprotected children of every village for the purpose of issuing notices and instituting prosecutions, if necessary.
- (c) With the permission of the headmaster, to visit every school in his circle and endeavour to vaccinate all the unprotected pupils, care being taken not to use any compulsion or pressure of any kind.
- (d) Before leaving a village, to see that the names of the vaccinated have been entered in the village register, which he shall sign in proof of the entries correctly made. On his return visit on completion of the seventh day, for the purpose of examining the work, to record in the appropriate column of the register the results of the operations.
- (e) To operate in the approved method in four points with a lancet only.
- (f) To attend regularly the public vaccine stations or depot for operating free of charge.
- (g) On the occurrence of local outbreaks of small-pox in his circle, to report to his Sub-Inspector the occurrence without delay, and to press on vaccination as rapidly as possible in and around the infected locality so as to vaccinate every unvaccinated person.
- (h) To report similarly as in the preceding clause every other epidemic occurring in his circle and coming to his notice.
- (i) To submit in the prescribed forms the required reports and returns of his work.
- (j) During the period from the 1st April to the 30th September every year, to carry out such duties other than relating to vaccination as may be ordered by competent authority.
- (k) In the month of September every year, to attend at the district headquarters and to undergo the prescribed course of instruction given by the Inspector.
- (l) To be responsible for the due care and preservation of the surgical equipment and other articles supplied to him for the discharge of his duties.

17. Whenever it shall come to the notice of a public vaccinator that any child required to be vaccinated according to the provisions of the Act is still unprotected, he shall request the parent or guardian of such child to have the same so vaccinated forthwith and shall explain to him the penalties he may incur under the Act if he fails to do so, and if such parent or guardian does not comply with the vaccinator's requisition the latter shall at once bring the matter to the notice of the Superintendent of Vaccination, or other authorised officer in charge of vaccination.

18. Whenever it shall come to the notice of a public vaccinator that a person whose age exceeds 14 years is still unprotected, he shall request such unprotected person to submit himself to be vaccinated forthwith; and in the event of the latter failing to do so the public vaccinator shall at once bring the matter to the notice of the Superintendent of Vaccination in order that the said unprotected person may be served with a notice under section 11.

19. When public vaccine stations have been appointed under the Act, and the days and hours of the public vaccinators' attendance at such stations have been fixed and published under section 14 (read with section 25), the public vaccinators attached to each vaccine station shall regularly attend thereat on the specified days and within the specified hours.

20. When a child has, under the provisions of section 4, been re-vaccinated, the fact of such re-vaccination shall be entered by the vaccinator in the appropriate vaccine register.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 3029Com.—The 2nd July 1923.—In exercise of the power conferred by section 37 of the Indian Factories Act, 1911 (XII of 1911), as amended by the Indian Factories (Amendment) Act, 1922 (II of 1922), and in supersession of all existing rules on the subject, the Governor in Council is pleased to make the following rules:—

RULES.

1. These rules may be cited as "The Bengal Factories Rules, 1923."

PART I.—DEFINITIONS.

2. **Definitions.**—In these rules—

- (a) "**the Act**" means the Indian Factories Act, 1911, as amended by the Indian Factories (Amendment) Act, 1922 ;
- (b) "**Section**" means a section of the Act ;
- (c) "**Manager**" means the person responsible to the occupier for the working and condition of a factory ;
- (d) "**Scheduled Worker**" means a male person over eighteen years of age who, having been duly authorised in that behalf, works at any operation mentioned in Part I of the Schedule to the Act, or a woman, or male person under the age of 18 years, who, with such authorisation, works at a process involving the use of lead compounds, in accordance with the regulations contained in Part II of the said schedule ;
- (e) "**Inspector**" means, unless there is anything repugnant in the subject or context, an Inspector appointed under section 4 of the Act, and includes Chief Inspector and any Inspector subordinate to him ;
- (f) "**Examining Surgeon**" means a registered practitioner authorized by a certifying surgeon under section 8 to examine persons and to grant provisionally the certificates defined in rules 2 (g) and (h) ;
- (g) "**General Medical Certificate**" means a certificate in prescribed form granted by a certifying surgeon, or by an examining surgeon, to, or in respect of, any person, certifying his age and fitness to work in a factory ;
- (h) "**Scheduled Worker's Medical Certificate**" means a certificate in a prescribed form granted by a certifying surgeon or by an examining surgeon to, or in respect of, a person working at or desirous of working at any process mentioned in the Schedule to the Act.
- (j) "**Machinery**" or "**Mill Gearing**" includes every shaft whether upright, oblique or horizontal, and every wheel, drum, pulley, rope, chain, wire, driving strap or band by which the motion of the first moving power is communicated to any machine appertaining to any manufacturing process.

Proviso (1).—When in any area the local Government has, by notification in the local official Gazette, under sub-section (5) of section 4, declared that the District Magistrate or an additional Inspector shall exercise all the powers of an Inspector under the Act, the word "Inspector" shall be held to include such District Magistrate or additional Inspector.

Proviso (2).—When in any area the local Government has declared, as aforesaid, that a District Magistrate or additional Inspector shall exercise certain powers of an Inspector, the word "Inspector" shall be held to include such District Magistrate or additional Inspector only in so far as any one or more of these rules are specified in the notification.

PART II.—ESTABLISHING A FACTORY.

3. **Advice by the Inspector.**—When it is notified to the Inspector that there is an intention to erect or establish a new factory, the Inspector may, and if the occupier so desires, shall, advise the occupier upon the suitability or otherwise of the occupier's design with regard to their convenience for the observance of the provisions of the Act and rules, but not upon any other subject in connection with the factory. Advice given under this rule shall not be deemed to exempt the occupier from remedying any defects which may later be subject to objection under the Act or the rules.

4. **Manager of factory.**—During any period for which no person has been designated as manager of a factory the occupier shall himself be deemed to be the manager of the factory for the purpose of these rules.

PART III.—REGISTRATION OF A FACTORY.

5. Notified factory.—When an Inspector receives a notice under section 33 (1) from any person occupying a factory, he shall, if he has not already done so, include such factory in his register.

6. Unnotified factory.—When an Inspector has reason to believe that any premises, situated within the local limits for which he is appointed and not already registered as a factory, ought to be so registered, he shall send to the occupier of the premises a notice intimating his intention of including such premises in his register of factories and shall furnish the occupier with a blank Form A. The occupier, whether protesting against the registration of his premises or not, shall return Form A correctly and completely filled to the Inspector within 15 days of the receipt thereof.

7. Objection to registration.—Any person served with a notice under rule 6 may, within 15 days of the receipt of such notice, forward to the Inspector a statement setting forth his objections to the registration of the premises as a factory. Such objections shall be accompanied by all the information required to complete Form A, if this has not already been furnished to the Inspector. The Inspector shall consider and dispose of such objections after making such inquiry as he may deem necessary, and shall then include such premises in his register of factories or not, as the case may be.

PART IV.—SAFETY.

8. Structures.—In every factory, all buildings, walls, chimneys, masts, bridges, tunnels, roads, galleries, floors, platforms, stagings, and all structures in common use, whether of a permanent or temporary character, shall be so designed, constructed and maintained as to involve no danger to human life or safety :

Provided that the Inspector shall not accept any such structure if it is designed or constructed so as to contravene the provisions of any other Act.

9. Prime movers and machinery.—In every factory, prime movers or other machinery, the steam boilers or other vessels subject to pressure, and all tanks and mains, together with the fittings of each of the aforesaid, shall be free from dangerous structural defects. They shall also be maintained sufficiently free from deterioration, and shall be operated (or attended) by persons of sufficient experience or skill, to satisfy the Inspector that there is no danger to human life or safety from them :

Provided that the Inspector shall not accept any of the objects mentioned if they are of such a nature as to contravene the provisions of any other Act.

10. Railways and transport.—In every factory, where there are within the precincts, railways, or other electrical or mechanical means of transport, such railways or means of transport shall be designed, maintained and operated in such a manner as to satisfy the Inspector that there is no danger to human life and safety from them :

Provided that the Inspector shall not accept any such railways or means of transport if they are so designed, maintained and operated as to contravene the provisions of any other Act.

11. Smoking and use of naked lights.—No person shall smoke or use a naked light or shall cause or permit such light to be used in the immediate vicinity of inflammable material in any factory ; and the Manager of every factory shall cause to be exhibited a notice in English and the vernacular prohibiting smoking or the use of naked lights, or both, in all places where they would be dangerous, or where the Inspector may require, and shall take all other reasonable precautions to ensure the observance of this rule.

12. Lighting.—Every part of every factory shall be sufficiently lighted during the whole of the periods employed persons are present in it, either by day or night, to avoid danger arising from imperfect visibility, having due regard to the nature of the place and of the work carried on therein, and to a standard which is approved by the Inspector.

13. Fencing (general).—In every factory, all moving parts of machinery shall be securely fenced, unless they are so situated that they are in the opinion of the Inspector incapable of causing injury to workers. Fencing so erected shall be designed so that it is impossible for any person to pass between the fencing and a moving part ; and also in such a manner as to give protection to a person oiling, cleaning, or otherwise attending to the machinery, and to all persons who may be in the neighbourhood of a moving part while it is in motion.

14. Fencing (electrical).—In every factory, all electrical circuits or parts of such, or any objects electrically connected with them, whether commonly or occasionally in an electrified condition and which by reason of their position could cause injury to the person, shall be protected adequately to the satisfaction of the Inspector either by fencing or insulation, or by both, in such a manner as to remove the danger of injury :

Provided that where automatic mechanism is installed for the purpose of immediately removing the electrification on the occurrence of a fault, such mechanism shall be taken into account by the Inspector when considering the adequacy or otherwise of the protection furnished ;

Provided also that in no case shall the Inspector accept as adequate any conditions or combination of conditions which are subject to objection under any other Act.

15. Fencing (hoists).—Every hoist and teagle, and every place where commonly material of sufficient weight is raised or lowered, shall, where practicable, be so fenced as to prevent personal injury in its descent.

16. Fencing (pits).—Every opening, in the ground or in a floor, which by reason of its depth, situation, construction or contents, could cause personal injury, shall be so fenced as to prevent such injury.

17. Unsuitable fencing.—When any plant, machinery, apparatus, or fittings in a factory are not safeguarded from danger to human life, as prescribed in rules 13, 14, 15 and 16, such plant, machinery, apparatus, or fittings shall be deemed not to be securely fenced within the meaning of section 18 (1).

18. Alternatives to fencing.—If in any case it is represented to the Inspector and agreed to by him in writing, that fencing would unduly obstruct a manufacturing process being carried on in the factory, or would be otherwise impracticable, such other protection shall be provided as the Inspector may prescribe instead of fencing.

19. Failure to comply with fencing orders.—If the manager of a factory has not complied with an order to fence or otherwise protect any machinery, after having been requested to do so in writing by an Inspector, the latter may, on a subsequent visit, serve on the manager an order in writing prohibiting the use of the machinery in question, until the orders have been carried out and passed by the Inspector as satisfactory.

PART V.—HEALTH AND SANITATION.

20. Standard of space.—In every factory, there shall be provided for each person employed at one time in any room a breathing space of at least 500 cubic feet. For the purpose of this calculation, no height above 15 feet from the floor of such room shall be taken into consideration.

21. Ventilation.—Every part of every factory where persons are employed shall be adequately ventilated to the approval of the Inspector.

22. Injurious gases.—In every factory where injurious, poisonous or asphyxiating gases, dust, or other impurities are used or are evolved for any process carried on in such factory the danger from such gases, dust, or other impurities shall be guarded against so far as is practicable.

23. Prevention of lead poisoning.—No person shall be employed in any factory in any operation involving the use of lead compounds, save under the following conditions, namely:—

- (a) Where the dust or fume from a lead compound is produced in the process provision must be made for drawing the fume or dust away from the persons employed by means of an efficient exhaust draught, so contrived as to operate on the dust or fume as nearly as may be at its point of origin.
- (b) The persons employed must undergo the prescribed medical examination at the prescribed intervals, and the prescribed record must be kept with regard to their health.
- (c) No food, drink, or tobacco shall be brought into, or consumed in, any room in which the process is carried on, and no person shall be allowed to remain in any such room during meal times.
- (d) Adequate protective clothing in a clean condition shall be provided by the employer and worn by the persons employed.
- (e) Such suitable cloak room, mess room and washing accommodation, as may be prescribed, shall be provided for the use of the persons employed.
- (f) The rooms in which the persons are employed, and all tools and apparatus used by them, shall be kept in a clean condition.

24. Humidification.—In every factory or part of a factory wherein the atmosphere is artificially humidified, whether intentionally or unintentionally, the humidification shall not be allowed to reach such a degree that it is injurious to the health of the persons employed.

25. Drinking water. In every factory a supply of water fit for drinking, and consisting of at least as many gallons as there are persons employed in the factory, shall be provided daily free of cost.

26. Such supply shall be derived either from a public or private supply of efficiently filtered drinking water, or from one or more wells or specially reserved tanks so situated as not to be polluted or contaminated by organic matter or other impurities.

27. Proper arrangements approved by the Inspector shall be made for maintaining in a drained and cleanly condition the area round the place where the drinking water is distributed.

28. (1) When the drinking water is obtained from an intermittent public water supply, each factory shall be provided with a storage of water of not less than one gallon per head of persons employed.

(2) The Inspector may, at any time, in order to satisfy himself that the water supplied is fit for drinking, take samples for analysis, and the cost of the analysis shall be borne by the owner of the factory.

29. **Limewashing.**—In every factory the inside surface of all walls of the rooms in which persons are employed, and all the ceilings or tops of such rooms (whether such walls, ceilings or tops be plastered or not), and all passages and staircases, shall be limewashed completely every 14 months, to date from the time of last limewashing.

30. The local Government may, by special order, exempt any class of factories or parts thereof from the provisions of rule 29, when they are of opinion that the said provisions are not necessary under clause (a) of section 9, or are, by reason of the special circumstances, inapplicable.

31. **Painting.**—All beams, rafters, doors and other wood-work in every factory shall, if not limewashed as required under rule 29, be painted or varnished at least once in five years and shall be kept clean.

32. **Cleanliness.**—No manager of a factory shall cause or allow any rubbish, filth or debris to be accumulated or to remain on any premises over which he has effective control, of such a nature or in such a manner that effluvia therefrom may arise within the factory.

33. No manager of a factory shall permit micturition or evacuation in any place in the factory other than a urinal, privy or latrine as the case may be.

34. **Latrines.** Every factory not exempted under the proviso to section 13 shall be provided with latrine accommodation.

35. All latrines and urinals within a factory shall be kept in a sanitary state, and shall be limewashed every two months.

36. All latrines in a factory shall be designed and constructed in a manner approved by the Chief Inspector or the Director of Public Health. Latrines shall also be situated, maintained and tended in a manner approved by the Inspector.

37. Every factory which is provided with hand-service latrines only and which has not been exempted under the proviso to section 13, shall be provided with latrine accommodation in a place detached from the other factory buildings, and on the following scale, viz:—

Where the number of persons employed at one 3 seats.
time does not exceed 50.

Where the number of persons employed at one 1 additional seat for every 50 persons or any
time exceeds 50. less number.

38. When females are employed in a factory separate latrines screened off from those for males, and marked in the vernacular in conspicuous letters "For females only" shall be provided. Those for males shall be similarly marked "For men only."

PART VI.—MEDICAL OFFICERS AND EXAMINATIONS.

39. **Powers of Certifying Surgeon.**—The certifying surgeon may authorize any registered practitioner to exercise, subject to the restrictions imposed by rule 51, the function assigned to the certifying surgeon by these rules, and may revoke such authority.

40. The duties of a certifying surgeon as such, and of a registered practitioner authorized under section 8 to exercise his functions (that is to say, an Examining Surgeon), shall comprise the examination of persons employed in a factory or desirous of being so employed, and the grant to them, when qualified, of such medical certificates as may be prescribed in the Act or the rules made thereunder, and the proper endorsement, suspension, or cancellation of such certificates.

41. **Certification fees.**—The occupier or manager of a factory or person examined shall not be chargeable with any fee or consideration of any kind for an examination made or certificate endorsed, suspended or cancelled by the certifying surgeon or examining surgeon, and shall offer no such fee or consideration :

Provided that a registered practitioner may be retained by the occupier of a factory as medical officer in consideration of a salary and that his duties to the occupier may include those of examining surgeon, but no examination made by him, or certificates granted or endorsed by him, shall be paid for separately by the occupier in any form whatever.

42. If an Inspector ascertains that there has been an infraction of rule 41, whether the certificates connected with the infraction are *bona fide* or not, he shall record the infraction and the circumstances in his report, and bring the same to the attention of the authority to which he is subordinate.

43. A certifying surgeon appointed under section 6, or any examining surgeon authorized by such surgeon under section 8, shall fix such place and such times as may be proper for the attendance of persons wishing to obtain certificates of age and physical fitness under sections 7 and 19B. Notice of the place and the times thus fixed shall be given to the manager of any factory concerned within the local limits for which such surgeon, or authorized examining surgeon, is appointed.

44. **Medical Certificates.** Every certifying surgeon shall keep a bound book containing forms in foil and counterfoil as reproduced in Form C in the Schedule appended to these rules, for use as general medical certificates, and a bound book containing forms in foil and counterfoil as reproduced in Form D for use as Scheduled Workers' Medical Certificates. Such forms shall in each case be numbered consecutively, and shall be printed on durable material.

45. Every certificate granted by a certifying surgeon under section 7 or 19B shall be prepared by filling up the foil and counterfoil, on both of which shall also be impressed the left thumb mark of the person in whose name the certificate is granted.

46. The certifying surgeon shall, when satisfied as to the correctness of the entries made therein, sign the foil and initial the counterfoil, and shall deliver the foil to the person at whose request the certificate was granted. The foil so delivered shall be the certificate granted under section 7 or section 19B as the case may be.

47. If the certifying surgeon refuses, for reasons to be stated in writing, to grant to any person a general medical certificate, or if he revokes such a certificate, granted by a certifying or examining surgeon, no fresh application for a certificate shall be made on behalf of such person until a period of three months has elapsed, unless the certifying surgeon otherwise gives permission in writing at the time of revoking or refusing to grant the certificate.

48. If a certifying surgeon refuses to grant to any person a Scheduled Worker's Medical Certificate, or if he suspends or revokes such a certificate granted by a certifying or examining surgeon, no further application shall be made by, or on behalf of, that person for the grant or restoration of a certificate until after such period not exceeding three months as the certifying surgeon may prescribe in writing.

49. Every certifying surgeon shall take the names and certificate numbers of all children who have been granted provisional certificates since his previous visit, and who are not produced at the time of his visit, and shall forward the same to the Inspector together with a notice of the action taken by him under rule 57.

50. If so required by a manager or occupier, or by a person, or by the parents of such person if he be a child, with respect to whom he has refused or revoked a general medical certificate, or refused, suspended, or revoked, a Scheduled Worker's Medical Certificate, the certifying surgeon shall state in writing his reasons for such refusal, suspension, or revocation.

51. Every registered practitioner authorized under rule 39 to act as an examining surgeon shall grant general medical certificates and Scheduled Worker's Medical Certificates in the manner described in rules 44, 45, 46, 47 and 48 with the proviso that such certificates shall have the word "Provisional" printed or stamped on the foil, and that the left thumb mark of the person in respect of whom the certificate is granted shall be taken on the counterfoil only; and provided that a certificate so granted shall lapse and become invalid on a date three months after it was granted, unless it is confirmed by the certifying surgeon or cancelled by him under rule 57.

52. A certificate issued by an examining surgeon shall be deemed to have been confirmed by the certifying surgeon, only when it has in his presence been impressed with the left thumb mark of the person in respect of whom it has been granted, and also when the counterfoil has been signed by the certifying surgeon, and he has placed his initials against the deletion of the word "Provisional."

The thumb mark taken on the foil should be identical with that previously taken on the counterfoil.

53. **Arrangements for medical examination.**—A certifying surgeon, within the local limits for which he is appointed, shall, unless otherwise directed by the local Government in rules made under the Act, visit every factory in which children are employed as follows:—

(a) *A—Textile factories—*

(1) Employing 150 children and under	...	6
(2) Employing over 150 children	...	12

B.—*Non-textile factories—*

(1) Employing over 150 children	...	6
(2) Employing 150 children and under	...	In accordance with the requirements of the Chief Inspector of Factories, Bengal.

(b) He shall give previous notice of every visit.

54. At every visit the manager shall produce before him, at such time as the certifying surgeon may fix, all children employed in the factory, whether actually at work or not, and who are not in possession of general medical certificates, and all Scheduled Workers employed in the factory, whether at work at that time or not.

55. The certifying surgeon shall personally examine every child who is in possession of a provisional certificate granted under section 8, and shall, if satisfied as to its correctness, confirm it in the manner prescribed in rule 52 and return it to its owner.

56. If on examination the certifying surgeon is of opinion that the person examined is under the age of 12 years or is not fit for employment in a factory, he shall retain the certificate, write on it the word "Cancelled," and sign the same; and shall

then return the certificate with such remarks, if any, as he may think fit to make, to the examining surgeon who granted it.

57. Cancellation of provisional certificates. The certifying surgeon may cancel the provisional certificate granted to any child who is not produced, with effect from the date of his visit, or he may grant permission to the child to continue in employment for not more than 3 months, in accordance with section 8 of the Act.

58. Certification of adults. When the manager of a factory or an Inspector desires to establish that a person is of sufficient age and is otherwise fit to be employed in a factory for the periods permitted to adults, the certifying or examining surgeon shall on request examine the person, and, if satisfied, grant a general medical certificate in which the person's age and fitness shall be stated. Such certificates shall be liable to be cancelled in the manner described in rule 56.

59. Certification of scheduled workers.—The certifying surgeon at every visit shall personally examine every Scheduled Worker and every person presenting himself with the desire to become a Scheduled Worker, and shall confirm, grant, endorse, suspend, or cancel, certificates in respect of such persons in accordance with these rules and any medical regulations for Scheduled Workers for the time being in force under the Act.

PART VII.—HOURS OF EMPLOYMENT AND HOLIDAYS.

60. Working hours to be fixed.—In every factory the manager shall fix specified hours in accordance with the Act for the employment of each person employed in such factory, and no person shall be employed except during such hours.

61. Normal limits of working hours.—In all factories and subject to any exceptions and exemptions permitted under the Act or the rules made thereunder—

No person (which includes women and children) shall be employed—

- (a) On Sunday.
- (b) For more than 60 hours in any one week.
- (c) For more than 11 hours in any one day.
- (d) For more than 6 hours without an interval of rest of at least one hour.
- (e) For any period in any factory if he has already been employed on the same day in any other factory.

No woman or child shall be employed—

- (f) Between the hours of 7 o'clock in the evening and 5-30 o'clock in the morning.

No child shall be employed—

- (g) For more than 6 hours in any one day.
- (h) For any period whatever unless in possession of a General Medical Certificate showing that he is not less than twelve years of age and fit to work in a factory.
- (j) For more than four hours without an interval of rest, unless his total hours of work in the day are less than five and a half.

No Scheduled Workers shall be employed—

- (k) for periods other than those defined in notifications issued under the Act in respect of such work.

No exemption or exception from sub-clauses (f), (g) and (h) is permissible in any circumstances whatever.

62. Underage children in factories.—If a child over the age of six years is found inside any room or part of a factory in which room or part children are employed, and in which any manufacturing process or work incidental to any manufacturing process is being carried on, he shall, until the contrary is proved, be deemed to be employed in the factory.

63. Exemptions.—When the manager of any factory desires to employ one or more persons contrary to sub-clauses (a), (b), (c), (d), (e), (j), or (k) of rule 61, he shall, before doing so, inform in writing (in Form II) the Inspector prescribed for this purpose, and shall also furnish the Inspector with all the relevant information he may require. The Inspector shall thereafter, as soon as practicable, inform the manager in writing whether or not his proposal is in accordance with any of the exemptions permissible under the Act and sanctioned by the local Government. If the proposal is sanctioned, the manager shall be furnished by the Inspector with an Exemption Order in Form K in the Schedule annexed to these rules, signed by the Inspector.

64. (1) No person shall be employed in a factory for periods other than those prescribed in sub-clauses (a), (b), (c), (d), (e), (j) or (k) of rule 61, unless the manager is in possession of an Exemption Order issued under rule 63 in respect of the person or class of persons so employed:

Provided that when the Inspector is in doubt of the applicability to any factory or class of factories of any exemption sanctioned by the Local Government, he may, if he thinks fit, give permission in writing for the work to be carried on as proposed by the manager, until the case can be enquired into, but in no circumstances shall he grant such permission for a period of more than one month, on or before the expiry of which he shall either issue an Exemption Order, or in the alternative, inform the manager that the exemption desired cannot be made with respect to his factory.

(2) Where under the provisions of section 30, women are exempted from the provisions of section 27, the total overtime permitted shall not exceed six hours during the week.

(3) Where under the provisions of sub-section (i) or sub-section (2) of section 30 any persons are exempted from the provisions of sections 27 and 28, the overtime permitted shall not be such as to make the number of hours of overtime exceed forty in each month.

(4) Where under the provisions of sub-section (2) of section 30, any factory has been exempted from the provisions of section 27, every person employed in such factory for more than sixty hours in any one week shall be paid, in respect of the overtime, at a rate which shall be at least one and a quarter times the rate at which he is normally paid.

(5) Nothing in rules 64 (2) to 64 (4) shall be deemed to prevent the prescribing of further conditions under section 30 of the Act.

65. Nothing in rules 61, 62, 64, 65 shall apply to persons employed in a confidential capacity or in positions which may be defined by the local Government to be positions of supervision or management :

Provided that no position held by a child shall be so defined, and that no occupation of a child shall be deemed to be of a confidential nature.

PART VIII.—PUBLICATIONS, NOTICES, RETURNS AND REGISTERS.

66. Copies of the Act, rules, and abstracts can be obtained from the office of the Chief Inspector of Factories, Bengal, at the price for the time being in force.

67. **Posting of abstracts and notices.**—In every factory there shall be posted near the main entrance, in a position approved by the Inspector, and protected from the effects of the weather by a glazed frame or other equivalent protection approved by the Inspector, the prescribed abstracts (Form F) of the Act and of these rules, in English and in the vernacular, together with a notice showing the standing orders of the factory on the following matters :—

- (a) the time of beginning and ending work on each day ;
- (b) the periods of rest fixed under section 21 ;
- (c) the hours of beginning and ending work for each shift (if any) ;
- (d) the hours of employment of all persons employed ; and
- (e) the weekly holidays fixed under section 22.

68. The abstracts and notice required under rule 67 shall at all times be maintained in a legible condition, and shall be kept up to date. Any change which may be made in the notice shall be intimated by the manager to the Inspector within seven days.

69. A copy of the notice required under rule 67 shall be sent by the manager or occupier to the Inspector within one month of commencing work in a new factory.

70. The notice prescribed in section 33 (1) shall be sent by the occupier or manager of every seasonal factory on or before the date of commencing work for each season.

71. **Accidents.**—When there occurs in any factory an accident to any person which results in—

- (1) death, or
- (2) such injury that there is probability of death resulting, or
- (3) such injury that there is no reasonable prospect that he will be able to resume his employment within 20 days, or
- (4) the permanent privation of a limb, or
- (5) the permanent loss of sight or hearing ;

such accident shall be recorded by the manager or occupier and reported by him within five hours of its occurrence to—

- (a) the Inspector notified for this purpose, and
- (b) the District Magistrate, or, if he by general order so directs, to the Subdivisional Officer.

All such accidents (unless fatal) shall be called in all prescribed communication "Serious accidents."

72. When there occurs in any factory an accident resulting in death, notice shall also be sent by the manager or occupier, within the said time, to the officer in charge of the police-station within the local limits of which the factory is situated. • *

73. When there occurs in any factory an accident to any person less serious than those described in rule 71, but which prevents or is likely to prevent the person from resuming his employment within 48 hours, such accident shall be recorded by the manager or occupier and reported by him as soon as practicable, but in any case within 60 hours of its occurrence, to the authorities mentioned in clauses (a) and (b) of rule 71. Such accidents shall be called in all communications "Slight accidents."

74. When reports of accidents under rules 71, 72 and 73 are sent by letter, either through the post or by special messenger, they shall be in Form E in the Schedule annexed to these rules, and when sent by telegraph or telephone they shall be confirmed by a written report in that form.

75. When an accident which has been reported to the Inspector as "slight" is afterwards known to be "serious" or "fatal" or when one reported as "serious" is afterwards known to be "slight" or "fatal," the manager shall make the necessary correction in a supplementary report which shall be sent to the authorities mentioned in clauses (a) and (b) of rule 71.

76. **Employment Register.**—In every factory, there shall be kept correctly and up-to-date a register, of which Parts I, II, III and IV shall be in Form G in the Schedule annexed to these rules, of all persons, whether male or female, adults or children, employed. Part I of the register shall include all men, Part II all women, Part III all male children, and Part IV all female children. Such register shall be called in all prescribed communications the "Employment Register."

77. When required by the Inspector there shall be added to the Employment Register in any factory or class of factories the following extra entries in respect of each or any of the persons employed :—

(a) Whether he is employed directly by the occupier (D) of the factory, or through a contractor (C).

(b) In the case of persons whose conditions of employment are contrary to sub-clauses (a), (b), (c), (d) or (e) of rule 61, the number of the Exemption Order authorizing such employment.

78. In all factories wherein any of the processes mentioned in the Schedule of the Act are being carried on the Employment Register shall contain an additional section to be called Part V, in which shall be recorded the names and numbers of all persons engaged in such processes (Scheduled Workers), their periods of employment and such other information as the local Government may require by rules made under the Act.

79. **Children's Register.**—In every factory where children are employed, there shall be correctly kept an up-to-date and written afresh, from 1st January in each year, a Register of children in Form M in the Schedule attached to these rules.

80. **Tokens for workers.**—With the approval of the local Government, the Inspector may require that every person employed in any factory or class of factories while he is at work shall carry a token made of metal or other material approved by the Inspector and bearing the same number as that shown against his name in the Employment Register. Such token shall be called in all prescribed communications as the person's "Employment Number Check." It shall be supplied free of cost by the manager of the factory, but a charge may be made for renewing it when lost, destroyed or defaced by its bearer.

81. **Space Register.**—The manager of every factory shall maintain a register showing the measurement and cubical contents of each room in the factory, the area of the floor-space in each room occupied by the machinery or other fixtures, and the area provided for ventilating openings.

82. **Limewashing and painting Register.**—The manager of every factory not exempted under rule 30 shall keep a register showing the dates on which the different parts of the factory are limewashed, painted or varnished.

83. **Annual return.**—The annual return in Form L in the Schedule annexed to these rules prescribed by the Government of India by notification under section 38 shall be submitted in duplicate by managers or occupiers of factories to the Inspector on or before the 15th day of January in each year.

84. **Notice of premises ceasing to be occupied as a factory.**—When any premises cease to be occupied as a factory, the manager or occupier shall give notice of the fact and of the date thereof to the Inspector, who shall, if satisfied that the Act is no longer applicable to such premises, exclude them from his register of factories.

85. **Exclusion of a factory from the Register.**—An Inspector may, without such notice from the manager or occupier as is prescribed in rule 84, of his own motion, at any time remove any factory from his register if satisfied that it has ceased to be a factory within the meaning of sub-section (3) of section 2: provided that no seasonal factory shall be so removed from the register on account of cessation of working if there is a probability of its resuming work within a reasonable time.

86. **Date of incomplete returns.**—The manager or occupier of every factory shall furnish to the Inspector, in addition to the returns specified in the Act or in these rules, any returns which may be prescribed from time to time by the Government of India or by the local Government. Returns made incompletely, incorrectly, or later than the prescribed date, are liable to be considered not to be returns in the meaning of the Act, and to render the manager or occupier who submits them liable to the penalty prescribed in section 41 (j), namely, Rs. 500.

87. **Form of appeal.**—A notice of appeal presented under section 50 shall be in the form of a memorandum setting forth concisely the ground of objection to the order and bearing a Court-fee stamp in accordance with article 11 of Schedule II of the

Court-fees Act, 1920, and shall be accompanied by a copy of the order appealed against and shall lie to the following authority, namely, to a Board consisting of—

- (i) the Commissioner of the Division ;
- (ii) the Civil Surgeon of the district ; and
- (iii) a nominee for a year at a time of the Bengal Chamber of Commerce :

Provided that, in either case, the appellate authority may, if requested by an appellant to apply the provisions of section 50, sub-section (3), hear the appeal with the aid of two assessors appointed by such authority.

PART IX.—INSPECTORS AND INSPECTION.

88. Powers of Inspectors.—An Inspector may, together with such assistants, if any, as he may think fit to bring, enter any place within the area for which he is appointed, which is, or which he has reason to believe to be, used as a factory ; and there make such examination of the premises, ways, works, machinery and plant, and of all registers or other prescribed records as may be necessary for the purposes of the Act ; and he may take on the spot or otherwise such evidence of any persons as he may think necessary to examine.

89. In addition to the powers mentioned in rule 88, an Inspector may, subject to any restriction that may be notified by the Local Government with regard to him, exercise such other powers as may be necessary for carrying out the purposes of the Act.

90. Obstructing an Inspector.—The manager or occupier of a factory shall not obstruct or permit to be obstructed by any person in the factory an Inspector in the exercise of his duty, and shall not fail to produce on demand by an Inspector any registers or other documents prescribed by these rules ; and shall not conceal, or prevent or attempt to prevent, any person employed in the factory from appearing before, or being examined by, an Inspector ; and shall not withhold such information as the Inspector may require under these rules : provided that no person in any factory shall be required to answer any question of, or to give any evidence to, an Inspector tending to criminate himself.

91. Duties of an Inspector.—The Inspector shall give to the manager or occupier of every factory within the local limits for which he is appointed such orders as may be required to bring the factory and the persons therein employed into complete conformity with the Act and these rules. Such orders shall be confirmed in writing.

92. A Register of Factories compiled from information received on Form A shall be maintained by the Chief Inspector of Factories, and an extract giving details of factories for each district shall be sent on or before the 15th February of each year to the District Magistrates concerned. All changes in the list which may be made in pursuance of rules 5, 6, 7, 84 and 85 shall also be intimated to the District Magistrate as and when such changes are made.

93. Every Inspector subordinate to another Inspector shall furnish the latter with all such reports and information as may be necessary to him for the proper execution of his duties.

94. Responsibilities of Inspectors.—The Chief Inspector shall be primarily responsible for the administration of the Act in all areas of the province. The extent of the responsibility of each other Inspector shall be in accordance with the powers conferred upon him as declared by notification under sub-section (5) of section 4. In order that he may satisfy himself that the provisions of the Act and of these rules are duly observed, an Inspector shall make such inspections of factories as may appear to be necessary to him, or to the authority to whom he is subordinate.

95. The Inspector shall, at each inspection of a factory, satisfy himself that the provisions of the Act and of these rules relating to the health and safety of the persons employed therein are duly observed ; that the children employed in the factory have been duly certified and the prescribed register of children properly maintained ; that the hours of employment of all persons working in the factory are properly and continuously recorded in the prescribed register ; that the periodical stoppages of work and the prescribed holidays are granted ; that the prescribed limits of hours of work are not exceeded ; and that the prescribed abstracts and notices are duly maintained and fixed under section 36, and he shall note how far defects pointed out at previous inspections have been removed, and how far orders or recommendations previously issued have been complied with.

96. The Inspector at each inspection shall enquire, sufficiently to ascertain where the responsibility for their occurrence rests, into all accidents which may have taken place since the last inspection, and shall pass such orders or recommendations as may be proper for the prevention of such accidents. The Inspector shall report all such enquiries made by him, and a copy of the report shall be sent to the manager or occupier of the factory concerned.

97. Report of Inspection.—As soon as practicable after inspection the Inspector shall report upon such conditions of the factory as are contrary to the Act or to these rules or as may seem to him to require comment. A copy of such report shall be sent to the manager or occupier.

98. Such extracts from the report of an Inspector made under rules 95, 96 and 97, as may be necessary for his information, shall be furnished to the District Magistrate by the Inspector, either directly, or through the Chief Inspector.

99. In the case of factories situated in places coming under the Municipal Act, if it appears that there has been a disregard of the provisions of any Municipal or other Local Act relating to sanitary arrangements, removal of objectionable rubbish, the cleaning and fencing of water tanks or the like matters, the Inspector shall, without prejudice to any action which he is empowered to take under the Act and rules, draw the attention of the Chairman of the Municipality or other local bodies to the breach of the sanitary regulations in question.

100. **Inspection by District Magistrate or additional Inspector.**—When in any area the District Magistrate or an additional Inspector exercising all or any of the powers of an Inspector makes an inspection, a copy of his note on the inspection shall be sent to the whole-time Inspector appointed for that area for such action as the latter may think necessary, as well as to the Manager if the Magistrate considers it desirable.

101. **Disuse of dangerous plant.**—Pending the execution of an order under rule 91 the Inspector may, when there is imminent danger to human life, prohibit the use of that part of the ways, works, machinery or plant to which the order relates.

102. **Inspector's records.**—Every Inspector shall keep a record of all orders and remarks made by him relating to each inspection.

103. **Inspector entitled to all relevant information.**—Any certificate, order, letter, report, or other document issued by an Inspector of Factories or other officer duly appointed in this behalf by the Government or by a Municipality or by other public body, with respect to the fitness or safety of the factory or any portion of its buildings, works, plant, machinery, apparatus, or ways, or with respect to the fitness of persons employed in the factory, shall be properly filed and exhibited by the manager or occupier to the Inspector on his demand.

104. A request by the Inspector for information necessary to establish—

- (a) the observance or otherwise of any provision of the Act,
- (b) the execution or observance of any order of an Inspector, or
- (c) the condition, age, or history of any part of the factory, its plant, machinery apparatus or ways, so far as such may be an indication of safety or danger in the use of such objects,

if made during an inspection shall be complied with forthwith by the manager or occupier if the information is available in the factory; and if made by letter, shall be complied with by the manager or occupier within seven days from the date of receipt, or as soon afterwards as the information can be obtained.

105. **Appeal against an order of an Inspector.**—Any person on whom an Inspector has served one or more of the following orders may, within 14 days from the receipt of such order or orders, appeal in the form prescribed in rule 87 to the Commissioner. The appellate authority may confirm, modify or reverse the order or orders:—

- (a) An order specifying the measures to be taken to remove conditions of danger which the Inspector considers to exist in contravention of rule 8, 9 or 10.
- (b) An order to provide fencing or its equivalent, which the Inspector considers to be required under rule 13, 14, 15, 16, 17, 18, or 19.
- (c) An order specifying the means of escape which the Inspector considers should be provided in case of fire as required by section 16 of the Act.
- (d) An order specifying the measures to be taken to avoid any injurious effect of gases, dust or other impurities which the Inspector considers to be required by rule 22.
- (e) An order specifying measures for such purifications of water used for artificial humidification of the atmosphere as the Inspector considers to be required by rule 24.
- (f) An order specifying measures for the attainment of the standard of lighting which the Inspector considers required by rule 12.
- (g) An order prohibiting the presence in a factory or in any part of a factory of children whose age is less than that at which they may be legally employed in a factory, which the Inspector considers to be required under section 19A.

106. When an appeal against the order of an Inspector is presented under rule 105, the appellate authority may, and if so requested by the appellant in his petition of appeal shall, hear the appeal with the aid of two assessors.

107. When assessors are to be employed in the hearing of an appeal against the order of an Inspector, the appellate authority shall call upon the body which is considered most representative of the industry concerned to appoint one of the assessors within a period of 14 days. When such assessor has been so appointed, the appellate authority shall appoint the other assessor; and shall then fix the place, day and time for

hearing the appeal, of which due notice shall be given to the appellant and to the Inspector against whose order the appeal has been presented, and shall call upon the two assessors to appear and assist in the hearing of the appeal at the appointed place and time :

Provided that if no assessor is appointed by the aforesaid body within the prescribed period, or if the assessor so appointed fails to attend at the appointed time and place, the appeal may be heard without such assessor, or, if the appellate authority thinks fit, without the aid of any assessor, unless the appellant at whose request the assessor was appointed objects to the hearing of the appeal.

108. An assessor appointed under rule 107 shall receive a fee of Rs. 32 for assisting in the hearing of the appeal. Such fees and travelling expenses shall be paid by the local Government, except that in cases wherein the assessors have been appointed at the request of an appellant against whom the appeal is decided wholly or partly, the appellate authority may direct that the fees and travelling expenses shall be paid wholly or in part by such appellant.

109. **Suspension of orders while under Appeal.**—When an appeal is presented against the order of an Inspector, unless it is an appeal under clause (g) of rule 105, the appellate authority may, on the application of the appellant, suspend the operation of the order of the Inspector pending the decision of the appeal ; but where no such suspension has been granted, the Inspector's orders shall be complied with notwithstanding that the appeal against it has been presented.

GROSVENOR HOUSE, the 20th June 1923.

GOVERNMENT COMMERCIAL INSTITUTE, CALCUTTA.

The Evening Lectures.

Courses of evening lectures are delivered in the following subjects. A student can take up one subject or several subjects, provided the class hours permit him to attend the lectures in each subject :—

- (a) Book-keeping (Elementary).
- (b) Book-keeping (Advanced).
- (c) Shorthand (Theory).
- (d) Shorthand (Speed).
- (e) Typewriting.
- (f) English (including commercial correspondence, letter-drafting and précis-writing).
- (g) Outlines of Political Economy.
- (h) Banking and Currency.
- (i) Annuities and Insurance.
- (j) Mercantile Law.
- (k) Accountancy and Auditing.

The courses of lectures commence in July and continue until the following April except the course of Accountancy and Auditing, which extend over two years.

(a) **Book-keeping (Elementary).**—Students having a satisfactory knowledge of English and Arithmetic are admitted. Text-book—Arthur Fieldhouse's Complete Book-keeping, up to 100 exercises including partnership accounts. The fee for the full session, July to April, is Rs. 24, payable in eight monthly instalments of Rs. 3 each. Classes are held three times a week from 6 to 7 P.M.

(b) **Book-keeping (Advanced).**—Students who have passed the Elementary Book-keeping Examination, or who can give satisfactory proof of their knowledge of Elementary Book-keeping up to the requisite standard, are admitted. Text-book—Complete Book-keeping by Arthur Fieldhouse. The fee for the full session, July to April, is Rs. 32, payable in eight monthly instalments of Rs. 4 each. Classes are held twice a week from 6 to 7 P.M.

(c) **Shorthand (Theory).**—Pitman's Shorthand is the system taught. Students having a sufficient knowledge of English are admitted at the beginning of the session in July. Students are also admitted in December, provided they have already a sufficient knowledge of Shorthand to enable them to appreciate the lectures in the session, December to April.

The minimum speed required to pass the examination is 80 words per minute. The class is held daily from 5 P.M.

The fee for the session, July to November, is Rs. 12, which may be paid in four monthly instalments of Rs. 3 each. The fee for the session, December to April, is Rs. 16, which may be paid in four monthly instalments of Rs. 4 each.

(d) **Shorthand (Speed).**—Students having a speed of 60 words per minute are admitted in July, and the class practice is from 60 to 120 words per minute.

Students having a minimum speed of 80 words per minute are admitted in December, and the class practice is from 80 to 140 words per minute.

In the examination the tests are at four grades of speed, 80, 100, 120, 140 words per minute, and at higher speeds if candidates can write more rapidly. Classes are held daily from 6 P.M. Fees are the same as for (c).

(e) **Typewriting.**—Beginners are admitted in July. Students having a minimum speed of 20 words per minute are admitted in December. Text-book—Practical Course in Touch Typewriting by Charles E. Smith. The minimum speed required to pass

the examination at the end of April is 35 words per minute. Certificates are issued for 35, 40, 45, 50, 55, 60 words per minute. For each of the speed tests there is a corresponding accuracy test in tabulating. Classes are held at 5, 6 and 7 P.M. Tuition fees are the same as for (c). A stationery fee of Rs. 1 is payable on admission.

Combination of the above subjects and reduction of fee.—If a student simultaneously takes up two or three of the subjects (a) to (e), a reduction of Rs. 1 per instalment of each of the fees payable by him will be granted: for example, if a student is a member of both the Shorthand and the Elementary Book-keeping classes, he will have to pay instalments of Rs. 2 for each subject instead of Rs. 3 for the session, July to December.

(f), (g), (h), (i) and (j).—Classes are formed in these subjects if a sufficient number of candidates apply for admission. The fee for each subject is Rs. 3 for each series of ten lectures.

(k) **Accountancy and Auditing.**—There are two courses of year each for ordinary students, or one year for those who are already practising as Auditors, to prepare candidates for the Government examination of Diploma in Accountancy, which qualifies them to obtain the Government license to practise as Auditors. Students of this class have to attend Book-keeping and Mercantile Law classes, for which no extra fee has to be paid. The fee is Rs. 144, payable in advance in four half-yearly instalments of Rs. 36 each in the case of ordinary students and Rs. 72 in two half-yearly instalments of Rs. 36 each in the case of those who are practising as Auditors and hold a provisional license granted by Government.

2. **Examinations.**—The examination in subjects (a) to (j) is held at the end of April, at the end of the year's course, under the control of the Government Commercial Institute Board, and successful candidates receive certificates signed by the Director of Public Instruction, Bengal, and countersigned by the Secretary to the Bengal Chamber of Commerce. The examination fee for each subject is Rs. 5.

3. **Attendance.**—Strict regularity and punctuality of attendance are observed. Students must attend 75 per cent. of the lectures in order to appear at the examination. Classes are not held in the evening on Saturday.

4. **Standard of Admission.**—Candidates who have attended the lectures of the day course are eligible for admission. Others will be admitted, provided they appear qualified for the class or classes they seek to join.

5. **Prizes.**—Prizes of Rs. 50 each are offered by the Bengal Chamber of Commerce to the best candidates from the evening classes in subjects (b), (d), (f), (g), (h), (i) and (j). Three medals are offered by the Remington Typewriter Company to the best three students of either the day or evening classes in the Typewriting examination.

6. **Admission.**—Candidates for admission should send in their applications and register their names, with a deposit of fees, before the end of June. Candidates who desire to be admitted in December should apply before the end of November.

7. **Athletics and other Institute activities.**—Students have to pay a fee of Rs. 1 on admission for athletics and other institute activities.

8. Tuition fees for different subjects mentioned above may be slightly increased. The matter is under consideration of Government.

G. K. SEN, *Principal (offg.)*.

CALCUTTA, the 5th June 1923.

THE GOVERNMENT COMMERCIAL INSTITUTE.

The Day Course.

1. There is a specialized Day Course extending over two years. Candidates who have passed the Matriculation Examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

2. Compulsory subjects:—

- (a) English (modern), and especially English Correspondence, including Commercial Correspondence, letter-drafting and precis-writing.
- (b) Arithmetic, including Commercial and Mental Arithmetic.
- (c) An Indian vernacular.
- (d) Commercial Geography.
- (e) Book-keeping (Junior).

For an Indian vernacular, the Institute provides a thorough training in Bengali. Students taking up any other vernacular are given directions for the examination for which they have to prepare themselves. Anglo-Indian candidates who have passed the Higher Standard examination in an Indian vernacular held by the Inspector of European

Schools, Bengal, or who have passed the Lower standard examination in an Indian vernacular held by the Board of Examiners, will be further examined in the same vernacular in the following manner :—

- (1) They will be examined orally to test their command of the vernacular for the ordinary purposes of business.
- (2) They will have to translate into English a business letter dictated in the vernacular, and will be examined in both the dictation and translation.

3. Optional Subjects.—Shorthand and Typewriting—(A candidate may take up one or both, according to his option).

A student must take up all the compulsory subjects and must pass in each to obtain the final certificate. Passing in the Optional subjects—Shorthand and Typewriting—is counted towards a prize.

4. Examination.—At the end of the first year's course, an examination is held to determine promotion to the second year class and to decide the award of scholarships. At the end of the two years' course the final examination is held towards the end of the April or the beginning of May. A candidate who fails in one of the five compulsory subjects is not eligible for a pass certificate. A candidate who fails in one subject only in the final examination may appear again in the final examination in the following year in that subject without attending the class. A candidate who fails in only two subjects in the final examination may appear in the final examination in the following year in those subjects, provided that he attends the classes in those subjects.

A candidate who attends a final examination to be examined in a subject in which he has previously failed must pass again in English, if English was not a subject in which he had failed, in order to obtain the diploma.

5. Text-books.—The following text-books are prescribed :—

- (a) English—Hooper and Graham's "Home Trade."
- (b) Arithmetic—Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic."
- (c) Bengali—"Kapalkundala" by Bankim Chandra Chatterjee, and "Prathamik Babhasasinksha" by Santosh Nath Sett.
- (d) Geography—"Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "A School Economic Atlas" by J. G. Bartholomew and "A new Geography of the Indian Empire, Burma and Ceylon" by Morrison.
- (e) Book keeping—Arthur Fieldhouse's "Complete Book-keeping."
- (f) Shorthand—Pitman's Shorthand Instructor, Centenary edition.
- (g) Typewriting—Practical Course in Touch Typewriting by Charles E. Smith.

The text-books cost about Rs. 35.

6. Session and Fees.—The session begins about the end of June and closes about the end of April. The usual summer and Puja vacations are given. The students have to pay an admission fee of Rs. 5 and monthly tuition fee at the rate of Rs. 5 beginning from June. The final examination fee is Rs. 8. Tuition fees are to be paid monthly in advance after admission. Stationery fee of Rs. 1 is payable once a year at the beginning of each session by the students who have taken Typewriting as optional subject. A yearly subscription of Rs. 1 is also payable at the beginning of each session by students of both the first and second year classes for Athletics and other Institute activities.

7. Attendance.—Strict regularity of attendance is enforced. Students attending less than 75 per cent. of the lectures are debarred from promotion to the second-year class or from appearing at the final examination. Classes are held from 10-30 A.M. to 4 P.M. with half-an-hour's interval daily from 1-30 to 2 P.M. On Saturdays classes are held from 10-30 A.M. to 1-30 P.M.

8. Scholarships and Prizes.—Three scholarships of Rs. 12 each per mensem, tenable for one year are awarded to those students of the first-year class who, amongst those admitted, have secured the highest marks in English at the Matriculation Examination of the Calcutta University. Three scholarships of Rs. 20 each per mensem, tenable for one year, are awarded to those students of the second-year class who obtained the highest total marks at the examination held at the end of the first year's course. Holders of Junior and Senior scholarships at the Matriculation Examination are not eligible for these scholarships. The best two students in the final examination at end of two years' course obtain prizes of Rs. 75 and 50, respectively, offered by the Bengal Chamber of Commerce. The Remington Typewriter Company present medals to the best three students in typewriting at the final or special examination.

9. Applications for admission must reach the Principal before the 30th June every year. As only a limited number can be enrolled, priority of application is considered.

(A separate prospectus is issued for the evening lectures.)

- 2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.
- 3rd.—If the amount of purchase-money exceeds Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
- 4th.—The plots of land will be sold revenue-free to the highest bidders.
- 5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and regular conveyance will then be granted to the purchaser.

Notice.THE Bengal and Madras Service Family Pension
Fund which is provisionally managed and assisted by
Government has for its object the provision of monthly
pensions for the maintenance of the widows and children
of subscribers and is open, with certain exceptions, to
all active and pensioned members of the Uncovenanted
Service of Government (except those serving under the
Government of Bombay), and to Local Fund servants
earning pensions from Government. Some of the
special features of the fund are—(1) that widowed
daughters incapable of remarriage or children labouring
under such mental or bodily infirmities as incapacitate
them from earning their livelihood or preclude the
possibility of marriage (in case of a daughter) are
admitted to its benefits; and (2) that subscribers to the
Widows' and Daughters' branches are entitled to a refund
of 30 per cent. of the premia paid, should the nominees
predecease them after five years of admission. The
second quinquennial valuation of the fund has been
completed by the Actuary to the Government of India
and his report discloses very favourable results. For
forms of application and rules of the Fund apply to
the Accountant-General, Central Revenues, Imperial
Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 27th June 1923.

Summary.—Monsoon was active giving moderate rain all over the province. It has facilitated the transplantation of winter paddy seedlings and improved the condition and growth of other standing crops generally. Harvesting of autumn paddy and jute continues in the low land tracts of Eastern Bengal. The average price of common rice for the province has risen by about 0·23 per cent. as compared with that of the previous week. The total number of persons employed on test relief works in Rajshahi from the 1st to the 15th instant was 133. The relief has since been closed.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Minister in charge: The Hon'ble Sir S. N. Banerji, Kt.

No. 1068 L.S.-G.—The June 1923.—The following draft of a notification, which the Government of Bengal (Ministry of Local Self-Government) intend to issue in exercise of the powers conferred by clauses (a), (b) and (c) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), and in supersession of notification No. 1578 L.S.-G., dated the 17th June 1914, is published, as required by section 143 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 13th August 1923, and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered:—

Draft notification.

In exercise of the powers conferred by clauses (a), (b) and (c) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following amendments in the notification, dated the 11th February 1886, and in the rules published thereunder:—

Amendments.

1. In the third line of the Bengal Government notification of the 11th February 1886, after the figures "138" insert the letter and brackets "(a)."

2. After rule 75 of the said rules insert the following, namely:—

"Election of Chairman and Vice-Chairman."

75A. When any orders under section 22 or sub-section (1) of section 29 of the Bengal Local Self-Government Act of 1885 have been received by a District Board, a special meeting of the Board, at which there shall be a quorum, shall be held for the election of a Chairman within one month,—

(a) in the case of a newly constituted or reconstituted District Board, from the date on which the names of the elected members and the names or official designation of the appointed members of the Board shall have been published in the *Calcutta Gazette*, and

(b) in any other case, from the date of the receipt by the Board of the said orders directing the election of a Chairman.

75B. (1) Whenever a meeting of a newly constituted or reconstituted District Board is held for the purpose of electing a Chairman, it shall be presided over by a member of the District Board who shall be elected by the members of the Board for conducting the election. The President in such cases must be duly proposed and seconded and must not be a candidate for the office of Chairman.

(2) A meeting of a District Board other than a newly constituted or reconstituted Board held for the purpose of electing a Chairman shall be presided over by the outgoing Chairman, or, in his absence, by the Vice-Chairman:

Provided that should the outgoing Chairman be himself a candidate for election, the meeting shall be presided over by the Vice-Chairman if he is not also a candidate for election:

Provided further that if there is no Chairman, and the Vice-Chairman is a candidate for election, and also, if the Chairman and Vice-Chairman be both candidates for election, the meeting shall be presided over by a member of the District Board other than the Chairman or Vice-Chairman, who shall be elected by the members of the Board for the purpose of conducting the election of the Chairman. The President in such case must be duly proposed and seconded and must not be a candidate for the office of Chairman.

75C. If only one member is proposed and seconded as President, he shall be deemed to be duly elected as such. If more than one member is proposed and seconded, the members present shall decide the election by vote. The votes may be taken by voices or by show of hands.

75D. If the votes for two or more members proposed as President of the meeting are equal, then the selection of one of them shall be decided by lot.

75E. The election of the Chairman of the District Board shall proceed as follows:—

(a) Any member present may propose a candidate either by name or by virtue of his office for the office of Chairman.

(b) No candidature shall be taken into consideration unless it has been seconded by a member other than the proposer.

- (c) If one only nominated candidate duly stands for election, the President shall forthwith declare such candidate to be elected.
- (d) When the names of all the candidates proposed and seconded have been ascertained, the President shall hand to each member a voting paper in which will have been entered up the names of the candidates who have been duly nominated, and shall ask each member to record his vote by placing the mark X opposite the name of the candidate whom he prefers.
- (e) The voting paper shall be invalid if the mark X is placed opposite the name of more than one candidate, or if it is so placed as to render it doubtful to which candidate such mark is intended to apply.
- (f) When the voting has been completed, each member shall sign his voting paper and shall hand the same to the President. Without such signature the voting paper shall be invalid.
- (g) The President shall have the right of participating in the election of the Chairman and shall similarly record his vote.
- (h) The President, as soon as all the voting papers have been delivered to him, shall examine them in the meeting and read out the names of the candidates against which the mark X has been validly made, but shall not read out the names of the members voting. He shall then proceed to count the votes, having first rejected any voting paper which is invalid or which has been irregularly filled in, on which point his decision shall be final.
- (i) When the counting of the votes has been completed, the President shall declare the candidate to whom the largest number of votes has been given to be elected Chairman.
- (j) In the case of an equality of votes the President shall have a casting vote.
- (k) Notwithstanding anything contained in rule 74 or in the Rules of Business adopted by any Board, it shall be sufficient at the election of a Chairman where more than one candidate is proposed and seconded to record in the proceedings the names of the persons proposing and seconding, and the number of persons voting for or against, each candidate and the name of the candidate duly elected.
- (l) The President shall forthwith report the result of the election to the Commissioner for submission to Local Government for confirmation.
- (m) Every election made under these rules shall be subject to the approval of Local Government.
- (n) A quorum for the purpose of these rules shall consist of half the members of the District Board."

3. In rule 76 *delete* the words "and if the Lieutenant-Governor has so directed, shall also elect one of their number to be Chairman."

4. From the second sentence of the said rule *omit* the words "or Chairman" "or the Chairman" and "as the case may be"

5. *Re-number* rule 76 as sub-rule (1) of rule 76, and *insert* the following as sub-rule (2), namely:—

"(2) The election of the Vice-Chairman shall be made in the same manner as that of the Chairman."

11. Notification No. 1766L.S.-G., dated the 20th July 1918, is hereby cancelled.

Minister in charge: The Hon'ble Sir S. N. Banarji, Kt.

No. 1897L.S.-G.—The 25th June 1923.—In exercise of the power conferred by section 5 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), and after consideration of the views of the Dacca

Dacca District Board and the Narayanganj Local Board, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that thanas Narsingdi, Raipura, Shibpur, Monohardi, Sonakanda, Baidyorbazar, Rugganj and Araihasar in the Narayanganj subdivision, in the district of Dacca, shall be divided into the local areas shown in the table published in pages 841-847 of the Supplement to the *Calcutta Gazette* of date, and that every such local area shall be declared a union for the purpose of the Act.

2. In exercise of the power conferred by sub-section (1) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to establish union boards for each of the unions hereby declared and to fix nine as the number of members of each union board.

3. In exercise of the power conferred by sub-section (3) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that one-third of the members of each union board shall be appointed by the District Magistrate on the grounds that the electors are inexperienced and that such appointment is necessary for the due representation of minorities.

Minister in charge : The Hon'ble Sir S. N. Banarji, Kt.

SUBJECT :—*Employment of women in mines and introduction of a system of shifts.*

SIR,

I am directed to address you with regard to two important questions in connection with the regulation of mines, namely, the employment of women in mines and the introduction of a system of working by shifts.

2. *The employment of women in mines.*—Section 20, sub-section (2) (1) of the Indian Mines Act, 1901, enables the Governor-General in Council or the Local Government to make rules prohibiting, restricting or regulating the employment of women below ground or on particular kinds of labour where such employment is attended by danger to the life, safety or health of such women. In the twenty-two years since the Act was passed no rules appear to have been made under this sub-section. It will be observed that rules could be made only if it could be proved in each case that the employment was attended by *danger* to life, safety or health and not because of objections based on general, social or hygienic considerations. When framing the Bill which has since become Act IV of 1923 and will come into force on the 1st July 1924, the Government of India considered carefully a proposal to prohibit forthwith the employment of women in mines by statute. They came to the conclusion that it would be inexpedient to make any such provision immediately effective in view of the fact that women form more than a third of the mining labour of the country and the immediate prohibition of their employment would very seriously disorganize a very important key industry. In the Bill introduced in the Legislative Assembly in September 1922, two provisions were inserted bearing on this point. In the first place it was proposed to prohibit the presence of all children below ground in a mine. This provision has since become law (section 26 of the Act of 1923), and will, it is anticipated, automatically involve the exclusion from mines of some proportion of the women who would otherwise work below ground. Secondly, in clause 30 (d) of the Bill it was proposed to give the Local Government power to prohibit, restrict or regulate the presence or employment in mines of women either above or below ground, or on particular kinds of labour. It will be noticed that this was a very much wider authority than either the Government of India or Local Governments possess under the Act of 1901. After the Bill was introduced there was considerable discussion on the subject in the press and elsewhere. The Joint Committee of the Indian Legislature to which the Bill was referred devoted particular attention to this point. In their report they made the following observations on the subject :—

“*Employment of women.*—The present law regarding the employment of women is contained in section 20 (2) (1) of Act VIII of 1901. This is a provision which enables rules to be made prohibiting, restricting or regulating the employment of women either below ground or on particular kinds of labour where the employment is attended by danger. The rule-making power vests

in the Governor-General in Council or the Local Government. The Bill referred to us in clause 30 (d) enables a Local Government, subject to control, to make rules prohibiting, restricting or regulating the presence or employment in mines of women, either above or below ground or on particular kinds of labour. It is, we think, generally realized that the absolute prohibition of the employment of women below ground in coal mines is a mere matter of time. It cannot be introduced at once because time must be given to employers to replace the labour of the 90,000 women who are at present working in mines. Some of us pressed for the inclusion of a statutory prohibition in the Bill with a provision that it should not come into force for five years after the passing of the Bill. We think, however, that this would involve such a radical alteration in the Bill that recirculation would be essential, and as we are reluctant to delay its passage, we think it desirable to attempt to effect a compromise. We have, in the first place, transferred the provision relating to the employment of women from clause 30 to clause 29 of the Bill, so that the power of control may vest in the Governor-General in Council. We have further re-drafted the provision so as to follow more closely the wording of the present law. We desire, however, to place on record a recommendation that the question of the employment of women below ground in mines should be taken up at a very early date with Local Governments with a view to prohibiting such employment either in all mines or in particular classes of mines at the end of a specified period, which we think should be about five years."

In accordance with the recommendation of the Joint Committee, section 29 (j) of the Act of 1923 empowers the Governor-General in Council "to make regulations.....for prohibiting, restricting or regulating the employment in mines or in any class of mines of women either below ground or on particular kinds of labour which are attended by danger to the life, safety or health of such women." I am to invite attention to the phraseology of the clause. The power conferred on the Government of India is not as wide as was proposed for Local Governments in the Bill as originally introduced, for, in the case of labour, *other than below ground*, the Government of India must be satisfied, as in the Act of 1901, that the labour of the women concerned is attended by danger to their life, safety or health.

3. In accordance with the suggestion made in the report of the Joint Committee and quoted above, I am to ask for the views of the Local Government on the question of framing regulations under clause (j) of section 29 of Act IV of 1923.

4. The question of the prohibition of the employment of women in mines was raised by the Secretary of State for India as long ago as 1890, when Lord Cross forwarded to the Government of India the proceedings of the Berlin Conference and suggested that Government should consider the advisability of legislating for the regulation of the employment of women in mines. The Government of India took the question up along with the general proposals for the regulation of mines to insure the health and safety of the workers. The Bill framed in 1899, for the inspection and regulation of mines, contained a clause empowering an Inspector of Mines to prohibit the employment of women when such employment was dangerous, or unsuited, to female labour; and another clause empowering the Governor General in Council, and the Local Government, to make rules prohibiting, restricting or regulating the employment of women below ground or on particular kinds of labour. When the Bill was submitted to the Secretary of State for his approval, the Secretary of State noted that, while the Bill provided for the supervision and control of female labour, it did not prohibit the employment of women altogether; he warned the Government of India that, as the mining industry developed, it would become increasingly difficult to prohibit the employment of women, and suggested that the question of further safeguarding such employment should be carefully considered in Committee. When the Bill was circulated, the provisions regulating the employment of women aroused considerable criticism, and expression was given to the fear that if steps were taken to prevent their female relatives from going below ground with the male workers, the latter would themselves refuse to work in the mines. It was argued that the conditions of employment in Indian mines were fundamentally different from those in western countries; that Indian mine labour worked in family gangs, the women assisting their relatives and helping to swell their earnings and that, when proper precautions were taken to secure ventilation and to make the workings healthy, conditions in the mines were not unpleasant or prejudicial to health. When the Bill was finally considered in the legislature the provisions relating to the employment of women were altered into the form in which they appear in the Act of 1901.

5. Since that time, mining conditions have undergone a considerable change. Indian mining is no longer in its infancy. The mines are deeper, and the risk of danger is accentuated. There is a steadily increasing body of public opinion, which strongly deprecates the continued employment of women in mines. The Government of India accept the view of the Joint Committee of the Indian Legislature that the time has now come to consider seriously the prohibition of employment of women underground, particularly in coal mines, in which probably the conditions of work are hardest and open to most objection. As stated above, however, more than a third of the total

mining community are women, and although manual labour in mines is to some extent being supplanted by machine cutters, it is an undoubted fact that the sudden removal of female labour from underground work in mines would seriously dislocate the industry, and possibly compel a number of mines to close down. The only way of minimizing such a dislocation would be by giving the mine-managers sufficient notice of the intentions of Government, to enable them to secure and train the new labour which they will require, when the underground employment of women is prohibited.

6. I am now directed to ask that the Government of India may be favoured with the views of the Local Government on the general proposition that the employment of women in mines, or in particular classes of mines, should be prohibited at some specified time, e.g., five years after the new Mines Act comes into force. I am in particular to enquire whether the Local Government would make the prohibition a general one, or applicable only to certain classes of mines, such as coal mines, and whether the period of grace suggested before the prohibition comes into effect, viz., five years, is suitable. The Government of India are provisionally of opinion that the prohibition should apply only to workings which extend beneath the superjacent ground; there would appear to be no greater objection to the employment of women above ground or in open quarries or shallow pits than to their employment on ordinary earth-work. But on this point too the Government of India would be glad of the views of the Local Government.

7. *The introduction of a system of shifts in coal mines.*—In the course of the discussions in the Indian Legislature on the clause enacted as section 23 of the new Indian Mines Act, which prescribes weekly limits of work for mine-labourers generally, it was contended in certain quarters that the prescription of a weekly limit did not go far enough; it was urged that in the coalfields miners worked sometimes for 18 hours a day, a practice which the prescription of a weekly limit would not stop. It was recognized, however, that under present conditions of mine-labour in the coalfields it was impracticable to insist on a daily limit of hours, although it might be possible, if due warning were given to the mine-owners, to introduce at some later date a system of shifts, which would automatically restrict the hours which an individual labourer could work in a single day. I am to note here that the Act of 1923 does not authorise the enforcement of a system of shifts and if any such system is to be made compulsory, fresh legislation will be necessary.

8. From the point of view of the proper and economic working of the collieries there is little doubt that the introduction of a system of shifts would be an advantage. Instead of relying as at present on a fluctuating labour supply, which works for perhaps three days and absent itself for the remainder of the week, the mine-manager would be assured of a constant supply of regular labour. This argument was urged by Mr. Treharne Rees in 1919 after a careful examination of mining methods in the Indian coalfields; and the principle of a shift system appears generally to have commended itself to the Coalfields Committee in 1920, though that Committee were of opinion that in view of the then existing labour conditions it would be premature to enforce such a system by statute. The crux of the difficulty is undoubtedly the effect which the introduction of fixed and limited hours of work would have on the labour population at the mines. Although it is an accepted fact that the restriction of daily working hours to a reasonable limit ordinarily makes for a more contented and efficient labour force, it is certain that in the peculiar conditions of mining labour in the coalfields a statutory restriction of this nature, imposed without due warning, would be unwelcome to the miners and might quite possibly drive a number of them away to other employment, where they would be free of statutory interference. If such was the case, the proposed legislation, while doing little good to the labourers themselves, would seriously affect the coal industry and, by curtailing the output of coal, be a source of grave embarrassment to other industries which depend on coal for their source of power.

9. The Government of India are, however, provisionally of opinion that any such dislocation of the labour supply could be minimized by giving the industry ample warning that a compulsory shift system would be introduced in coal mines on a fixed date some years hence. They are inclined to the view that, if as appears to them probable, the change in the methods of work in the coal mines which the introduction of a system of shifts would involve would be to the ultimate advantage at once of the mine-owners and of the labourers themselves, the introduction of this change is probably only a matter of time. It might be possible in the first instance to arrange the shifts in such a manner as to interfere as little as possible with existing mining practice. For instance, it has been suggested that, to commence with, the day might be divided into two shifts of twelve hours each (6 A.M. to 6 P.M. and 6 P.M. to 6 A.M.). The Government of India are inclined to the view that, as the labourers become used to the stricter regulation of hours which a shift system postulates, the time will come when a shorter working day with definite rest intervals will have to be imposed.

10. I am to ask for the views of the Local Government on this question, both generally and with particular regard to the following points:—

- (a) whether the introduction of a compulsory system of shifts is practicable and advisable; "
- (b) what period of grace should be given before any legislation enforcing such a system should be imposed;

- (c) what limit should be placed on the working day, and what particular system of shifts should be enforced ;
- (d) whether such legislation should apply to any mines other than coal mines ;
- (e) if applied only to coal mines, whether it should be enforced in all coalfields without exception. Attention is in this connection invited to paragraph 47 of the Report of the Coalfields Committee. The Government of India believe that the views of that Committee that any such system, if adopted at all, should be adopted universally, are likely to meet with general approval.

11. The Local Government will realize that this question of the introduction of a system of shifts is on a different footing from the question of prohibiting the employment of women, since the latter can be effected by regulations made under the Act of 1923, while the former would require legislation. In these circumstances, the Local Government may find it convenient to deal with the two questions independently, making each the subject of a separate reply.

I have the honour to be,

Sir,

Your most obedient servant,

A. H. LEY,

Secretary to the Government of India.

Educational Notices.

GOVERNMENT COMMERCIAL INSTITUTE, CALCUTTA.

The Evening Lectures.

Courses of evening lectures are delivered in the following subjects. A student can take up one subject or several subjects, provided the class hours permit him to attend the lectures in each subject :—

- (a) Book-keeping (Elementary).
- (b) Book-keeping (Advanced).
- (c) Shorthand (Theory).
- (d) Shorthand (Speed).
- (e) Typewriting.
- (f) English (including commercial correspondence, letter-drafting and précis-writing).
- (g) Outlines of Political Economy.
- (h) Banking and Currency.
- (i) Annuities and Insurance.
- (j) Mercantile Law.
- (k) Accountancy and Auditing.

The courses of lectures commence in July and continue until the following April except the course of Accountancy and Auditing, which extend over two years.

(a) **Book-keeping (Elementary).**—Students having a satisfactory knowledge of English and Arithmetic are admitted. Text-book—Arthur Fieldhouse's Complete Book-keeping, up to 100 exercises including partnership accounts. The fee for the full session, July to April, is Rs. 24, payable in eight monthly instalments of Rs. 3 each. Classes are held three times a week from 6 to 7 P.M.

(b) **Book-keeping (Advanced).**—Students who have passed the Elementary Book-keeping Examination, or who can give satisfactory proof of their knowledge of Elementary Book-keeping up to the requisite standard, are admitted. Text-book—Complete Book-keeping by Arthur Fieldhouse. The fee for the full session, July to April, is Rs. 32, payable in eight monthly instalments of Rs. 4 each. Classes are held twice a week from 6 to 7 P.M.

(c) **Shorthand (Theory).**—Pitman's Shorthand is the system taught. Students having a sufficient knowledge of English are admitted at the beginning of the session in July. Students are also admitted in December, provided they have already a sufficient knowledge of Shorthand to enable them to appreciate the lectures in the session, December to April.

The minimum speed required to pass the examination is 80 words per minute. The class is held daily from 5 P.M.

The fee for the session, July to November, is Rs. 12, which may be paid in four monthly instalments of Rs. 3 each. The fee for the session, December to April, is Rs. 16, which may be paid in four monthly instalments of Rs. 4 each.

(d) **Shorthand (Speed).**—Students having a speed of 60 words per minute are admitted in July, and the class practice is from 60 to 120 words per minute.

Students having a minimum speed of 80 words per minute are admitted in December, and the class practice is from 80 to 140 words per minute.

In the examination the tests are at four grades of speed, 80, 100, 120, 140 words per minute, and at higher speeds if candidates can write more rapidly. Classes are held daily from 6 P.M. Fees are the same as for (c).

(e) **Typewriting.**—Beginners are admitted in July. Students having a minimum speed of 20 words per minute are admitted in December. Text-book—Practical Course in Touch Typewriting by Charles E. Smith. The minimum speed required to pass the examination at the end of April is 35 words per minute. Certificates are issued for 35, 40, 45, 50, 55, 60 words per minute. For each of the speed tests there is a corresponding accuracy test in tabulating. Classes are held at 5, 6 and 7 P.M. Tuition fees are the same as for (c). A stationery fee of Re. 1 is payable on admission.

Combination of the above subjects and reduction of fee.—If a student simultaneously takes up two or three of the subjects (a) to (e), a reduction of Re. 1 per instalment of each of the fees payable by him will be granted: for example, if a student is a member of both the Shorthand and the Elementary Book-keeping classes, he will have to pay instalments of Rs. 2 for each subject instead of Rs. 3 for the session, July to December.

(f), (g), (h), (i) and (j).—Classes are formed in these subjects if a sufficient number of candidates apply for admission. The fee for each subject is Rs. 3 for each series of ten lectures.

(k) **Accountancy and Auditing.**—There are two courses of year each for ordinary students, or one year for those who are already practising as Auditors, to prepare candidates for the Government examination of Diploma in Accountancy, which qualifies them to obtain the Government license to practise as Auditors. Students of this class have to attend Book-keeping and Mercantile Law classes, for which no extra fee has to be paid. The fee is Rs. 144, payable in advance in four half-yearly instalments of Rs. 36 each in the case of ordinary students and Rs. 72 in two half-yearly instalments of Rs. 36 each in the case of those who are practising as Auditors and hold a provisional license granted by Government.

2. **Examinations.**—The examination in subjects (a) to (j) is held at the end of April, at the end of the year's course, under the control of the Government Commercial Institute Board, and successful candidates receive certificates signed by the Director of Public Instruction, Bengal, and countersigned by the Secretary to the Bengal Chamber of Commerce. The examination fee for each subject is Rs. 5.

3. **Attendance.**—Strict regularity and punctuality of attendance are observed. Students must attend 75 per cent. of the lectures in order to appear at the examination. Classes are not held in the evening on Saturday.

4. **Standard of Admission.**—Candidates who have attended the lectures of the day course are eligible for admission. Others will be admitted, provided they appear qualified for the class or classes they seek to join.

5. **Prizes.**—Prizes of Rs. 50 each are offered by the Bengal Chamber of Commerce to the best candidates from the evening classes in subjects (b), (d), (f), (g), (h), (i) and (j). Three medals are offered by the Remington Typewriter Company to the best three students of either the day or evening classes in the Typewriting examination.

6. **Admission.**—Candidates for admission should send in their applications and register their names, with a deposit of fees, before the end of June. Candidates who desire to be admitted in December should apply before the end of November.

7. **Athletics and other Institute activities.**—Students have to pay a fee of Re. 1 on admission for athletics and other institute activities.

8. Tuition fees for different subjects mentioned above may be slightly increased. The matter is under consideration of Government.

G. K. SEN, *Principal (offg.)*.

THE GOVERNMENT COMMERCIAL INSTITUTE.

The Day Course.

1. There is a specialized Day Course extending over two years. Candidates who have passed the Matriculation Examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

2. Compulsory subjects:—

- (a) English (modern), and especially English Correspondence, including Commercial Correspondence, letter-drafting and precis-writing.
- (b) Arithmetic, including Commercial and Mental Arithmetic.
- (c) An Indian vernacular.
- (d) Commercial Geography.
- (e) Book-keeping (Junior).

For an Indian vernacular, the Institute provides a thorough training in Bengali. Students taking up any other vernacular are given directions for the examination for which they have to prepare themselves. Anglo-Indian candidates who have passed the Higher Standard examination in an Indian vernacular held by the Inspector of European Schools, Bengal, or who have passed the Lower standard examination in an Indian vernacular held by the Board of Examiners, will be further examined in the same vernacular in the following manner:—

- (1) They will be examined orally to test their command of the vernacular for the ordinary purposes of business.
- (2) They will have to translate into English a business letter dictated in the vernacular, and will be examined in both the dictation and translation.

3. Optional Subjects.—Shorthand and Typewriting—(A candidate may take up one or both, according to his option).

A student must take up all the compulsory subjects and must pass in each to obtain the final certificate. Passing in the Optional subjects—Shorthand and Typewriting—is counted towards a prize.

4. Examination.—At the end of the first year's course, an examination is held to determine promotion to the second year class and to decide the award of scholarships. At the end of the two years' course the final examination is held towards the end of the April or the beginning of May. A candidate who fails in one of the five compulsory subjects is not eligible for a pass certificate. A candidate who fails in one subject only in the final examination may appear again in the final examination in the following year in that subject without attending the class. A candidate who fails in only two subjects in the final examination may appear in the final examination in the following year in those subjects, provided that he attends the classes in those subjects.

A candidate who attends a final examination to be examined in a subject in which he has previously failed must pass again in English, if English was not a subject in which he had failed, in order to obtain the diploma.

5. Text-books.—The following text-books are prescribed:—

- (a) English—Hooper and Graham's "Home Trade."
- (b) Arithmetic—Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic."
- (c) Bengali—"Kapalkundala" by Bankim Chandra Chatterjee, and "Prathamik Babasanksha" by Santosh Nath Sett.
- (d) Geography—"Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "A School Economic Atlas" by J. G. Bartholomew and "A new Geography of the Indian Empire, Burma and Ceylon" by Morrison.
- (e) Book-keeping—Arthur Fieldhouse's "Complete Book-keeping."
- (f) Shorthand—Pitman's Shorthand Instructor, Centenary edition.
- (g) Typewriting—Practical Course in Touch Typewriting by Charles E. Smith.

The text-books cost about Rs. 35.

6. Session and Fees.—The session begins about the end of June and closes about the end of April. The usual summer and Puja vacations are given. The students have to pay an admission fee of Rs. 5 and monthly tuition fee at the rate of Rs. 5 beginning from June. The final examination fee is Rs. 8. Tuition fees are to be paid monthly in advance after admission. Stationery fee of Re. 1 is payable once a year at the beginning of each session by the students who have taken Typewriting as optional subject. A yearly subscription of Re. 1 is also payable at the beginning of each session by students of both the first and second year classes for Athletics and other Institute activities.

7. Attendance.—Strict regularity of attendance is enforced. Students attending less than 75 per cent. of the lectures are debarred from promotion to the second-year class or from appearing at the final examination. Classes are held from 10-30 A.M. to 4 P.M. with half-an-hour's interval daily from 1-30 to 2 P.M. On Saturdays classes are held from 10-30 A.M. to 1-30 P.M.

8. Scholarships and Prizes.—Three scholarships of Rs. 12 each per mensem, tenable for one year are awarded to those students of the first-year class who, amongst those admitted, have secured the highest marks in English at the Matriculation Examination of the Calcutta University. Three scholarships of Rs. 20 each per mensem, tenable for one year, are awarded to those students of the second-year class who obtained the highest total marks at the examination held at the end of the first year's course. Holders of Junior and Senior scholarships at the Matriculation Examination are not eligible for these scholarships. The best two students in the final examination at end of two years' course obtain prizes of Rs. 75 and 50, respectively, offered by the Bengal Chamber of Commerce. The Remington Typewriter Company present medals to the best three students in typewriting at the final or special examination.

9. Applications for admission must reach the Principal before the 30th June every year. As only a limited number can be enrolled, priority of application is considered.

(A separate prospectus is issued for the evening lectures.)

LAND SALE NOTICES.

Advertisement of sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government situated along the Assam Bengal Railway, in the district of Mymensingh, will be put up to sale at 12 o'clock, on the 30th August 1923.

The purchasers of the several plots of land will be subject to the following conditions:—

- 1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.
- 2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.
- 3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
- 4th.—The plots of land will be sold revenue-free to the highest bidders.
- 5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Proclamation of Sale.

TO be peremptorily sold by the Sheriff of Calcutta in his sale-room on Friday, the 10th day of August 1923, at 12 o'clock noon, pursuant to an order made by the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction in Execution Case No. 68 of 1922 (wherein O. V. O. T. K. R. Chetty is the decree-holder and Effoff Mohammed Parekh and others are the judgment-debtors) and dated the 1st day of February 1923, the right, title and interest of Mohammed Ismail Mohammed one of the judgment-debtors aforesaid in the following property :—

All that the partly three and partly two storied tenanted or dwelling house together with the land thereunto belonging whereon or on part whereof the same is erected and built containing by estimation 10 cottahs 2 chitaks 10 square feet be the same a little more or less situate and lying at and being premises No. 19, Amratolla Street, being holding No. 83 in Block No. XI in the North Division of the town of Calcutta an annual Government revenue of Rs. 1-14-5 being payable to the Calcutta Collectorate in respect of the said holding and butted and bounded in the manner following, namely :—

On the north by the house now or lately belonging to Heeralal Mullick, on the east by Amratolla Street, on the south by the house and land belonging to the Armenian Church and on the west by the house of Kasturamull.

So far as the decree-holders have been able to ascertain the said judgment-debtor Mahommed Ismail Mohammed

is entitled to an undivided ¹¹/₂₄th share of the said

premises No. 19, Amratolla Street. By a search in the records of the Registrar of Assurances at Calcutta from 1865 to March 1923 it appears that the said premises No. 19, Amratolla Street, are subject to the following encumbrances in respect whereof no release has been found to have been executed :—

(1) Deed of equitable mortgage executed by Howa Bibi and others in favour of Rampratap Chamararia and another, dated 9th March 1917, for Rs. 1,00,000, bearing interest at 8 per cent. per annum payable monthly with quarterly rests and registered in book 1, Vol. 41, pages 168-177, being No 990 for 1917.

(2) Transfer of the above equitable mortgage executed by the above mortgagees in favour of Hossain Ebrahim Saleji and dated 20th January 1920 for Rs. 1,26,221-5 and registered in book 1, Vol. 36, pages 44-55, being No. 357 for 1920.

The amount for the recovery of which the sale has been ordered is Rs. 15,707-2 together with the costs of execution less Rs. 3,272-5-1 paid on the 12th June 1922.

The conditions of sale can be seen at the office of the Sheriff on any day before the sale and will be produced at the sale.

Proclamation of sale.

TO be sold by the Sheriff of Calcutta in his sale-room in the Court House, on Friday, the tenth day of August 1923, at 12 o'clock noon, pursuant to the decree and order made in suit No. 1915 of 1922 (Rabindra Nath Dutt *versus* S. Abdul Haq Mahomed Ishaq) and dated, respectively, the 24th day of July 1922 and 9th day of April 1923, the right, title and interest of Abdul Haq, a member of the defendant firm abovenamed, in the following property, viz. :—

All that two-storied brick-built messuage or dwelling house together with the piece or parcel of revenue paying land thereunto belonging containing by estimation 3 cottahs 23 square feet in block No. XVII, Holding No. 264, South Division, and being No. 2, Free School Street, in the town of Calcutta, butted and bounded on the north by Mott's Lane, on the east by Free School Street, on the south by the tenanted land of Lukhinarain Sett and on the west by the house of Butto Kristo Dutt and paying an annual revenue of annas 10-4 to the Collector of Calcutta.

From a search made at the Registry Office from the year 1865 to 1923, it appears that there are no encumbrances affecting the said premises No. 2, Free School Street, save and except the following, viz. :—

(1) Indenture of security bond executed by the defendant firm abovenamed and the said Abdul Haq, in favour of the Registrar, High Court, charging the said premises for Rs. 4,727-12-6 in suit No. 2333 of 1920 and registered at Calcutta Registration Office, in book I, Volume 23, at pages 69 to 73 being No. 295 for 1921.

The sum for the recovery of which the sale has been ordered is Rs. 9,069-7-6 together with interest from 24th July 1922 until realization and the costs of execution.

The condition of sale can be seen at the office of the Sheriff of Calcutta at any time before the sale and will be produced at the sale.

Notices.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 4th July 1923.

Summary.—The rainfall throughout the Presidency was generally light. Cutting and steeping of lowland jute and harvesting of autumn paddy are progressing under favourable conditions in East and North Bengal districts. Transplantation of winter paddy seedlings and reaping of summer *til* are proceeding. Condition and prospects of standing crops are fairly good. The average price of common rice for the Presidency has remained almost stationary as compared with that of the previous week.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Minister in charge: The Hon'ble Sir S. N. Banerji, Kt.

No. 2191M.—*The 13th July 1923.*—In exercise of the power conferred by section 308, read with section 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to sanction the following plan for lighting a portion of the Hooghly-Chinsura Municipality with electricity:—

Plan.

2. The portion of the municipality which it is proposed to light with electricity is defined below:—

South—Sham Babu's ghat road, Sil's lane, Daspara lane, Kamarpara road, Gobordhan Sil's lane, Nabin Teli's lane, Parbati lane up to its junction with Khirkee lane and Khirkee lane from the said junction to Kamarpara road including all holdings situated on either side of these roads and lanes.

West—Tolafatak road, Phulpukar road, Khakrajole, Mullickasim hat road, Peepulpati road, Chak road, Bally road, Kathghara lane, Phulpukar lane, Grand Trunk road, Shahagunge road (up to its junction with Shibtala ghat lane and Shibtala lane), including all holdings situated on either side of these roads and lanes.

North—Bokultala lane with holdings on its either side.

East—River.

3. Four hundred and fifty-five electric lamps will be installed, as shown in the accompanying statement. The Commissioners have decided to enter into an agreement with Messrs. Nursingh Sahay Madangopal for the installation of these lamps and for their maintenance at the annual rates of Rs. 34-3, Rs. 26-9 and Rs. 23-12 for each lamp of 50, 32 and 25 candle power respectively, or at a total cost of Rs. 12,632 per annum.

4. The Government of Bengal (Ministry of Local Self-Government) are further pleased to sanction, under clause (e) of section 86 of the said Act, the proposal of the Municipal Commissioners at a meeting to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 3 per cent. on the annual value of holdings situated within the area to be lighted as defined in paragraph 2 of this notification. The income to be derived from the lighting tax from the aforesaid area is estimated to be Rs. 13,000 a year.

FINANCE DEPARTMENT.

NOTIFICATION.

No. 1522 Mis.—The 14th July 1923.—The Government in Council is pleased to make the following revised rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal and certain Government offices in future in supersession of all previous rules issued on the subject.

A. MARR,

Secretary to the Government of Bengal.

Rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal.

The clerical service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

UPPER DIVISION.

2. The Upper Division of the clerical service in the Secretariat is graded as follows:—

- (a) Rupees 125 a month on probation for two years.
- (b) After confirmation a time scale of pay, Rs. 150—10—250—15—400, with an efficiency bar at the stage of Rs. 250.
- (c) Two selection grades, one of Rs. 325—25—400 alongside the above time scale, and another of Rs. 425—25—500 beyond it. The former selection grade is limited to 15 per cent. of the number in the Upper Division.

Special pay of Rs. 100 per mensem attaches to certain of the posts of Head Assistants.

3. Vacancies which occur in the Upper Division of each department will be filled by the following methods:—

- (a) Direct recruitment of candidates by means of a competitive examination, which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal. The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat. These rules may be obtained on application from the Appointment Department of this Government.
- (b) Selection of suitable Europeans or Eurasians. The educational attainments required of such candidates will be the Intermediate Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.
- (c) Promotion from the Lower Division.

No clerk in the Lower Division, however, has, as a matter of right, any claim to promotion in the Upper Division, which will be given strictly according to merit.

One-third of the vacancies in the Upper Division will be filled up by method (c) after all the assistants who were recruited previous to April 1910 and are considered fit for promotion to the Upper Division have been provided for in that division. This rule will not, however, affect the appointment of Muhammadans under rule 14 or the appointment of Anglo-Indians to the special branch of the Political Department of this Government.

4. For the purpose of the selection of candidates under rule 3 (b), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed. From among these a selection will be made by the Secretaries at a meeting.

5. Candidates selected under rules 3 (a) and 3 (b) will be on probation for two years during which they will draw pay at the rate of Rs. 125 per month. Candidates selected under rule 3 (c) will on confirmation commence at Rs. 170 in the time scale of Rs. 150—10—250—15—400 for the Upper Division.

LOWER DIVISION.

6. The Lower Division of the clerical service of the Secretariat is graded as follows :—

- (a) Rs. 60 a month on probation for two years.
- (b) After confirmation a time scale of pay Rs. 65—4—145—145—150, with an efficiency bar at the stage of Rs. 105.
- (c) Selection grade of Rs. 175—25—200 for clerks of special merit (limited to 10 per cent. of the Lower Division in each Department) who have passed at least three years on the maximum of the time scale.

The bar in the time scale will apply in the case of those clerks who are employed on purely routine work, such as despatcher, sorter, recorder, indexer, diarist, inter-departmental clerk, file-keeper, etc.

7. The vacancies which occur in the Lower Division of the departments of the Secretariat will be filled up by means of a competitive examination. In special cases, as laid down in rules 13 and 14, appointments may be made by nomination.

8. The examination will be held in the month of August of each year. The arrangement for the examination will be made by the Central Examination Committee, Bengal, who will be assisted by paid examiners, and will act in communication with the Secretary to the Government of Bengal, Finance Department.

9. Candidates will be required to produce evidence that they have been through a complete secondary school course. In the case of Europeans and Anglo-Indians, applicants may be accepted who have obtained the elementary school certificate and have taken the supplementary commercial course prescribed by the European School Code. Every candidate must submit before the 15th July a written application for permission to appear at the examination.

10. The application under the last rule shall be in the form given in the margin,

FORM.

To
The Secretary to the Government of Bengal,
Finance Department.

Sir,
I request permission to present myself at the ensuing examination of the candidates for appointment in the Lower Division of the clerical service of the Secretariat of the Government of Bengal.

2. A treasury receipt for the fee of Rs. 10 is forwarded herewith.

I am, etc.

and must be accompanied by a treasury receipt for the sum of Rs. 10. This sum the candidate is required to pay into the treasury nearest his place of residence by way of examination fee and in no circumstances will this sum be refunded.

With the application must also be forwarded—

- (i) The candidate's evidence that he has been through a complete secondary school course, and in the case of Europeans and Anglo-Indians, that he has obtained the elementary school certificate and taken the supplementary commercial course prescribed by the European Schools Code.
- (ii) Evidence that the candidate, at the date of making the application, is not less than 18 and not more than 23 years of age. The date of the candidate's birth must be stated.
- (iii) In case the candidate has been educated at a school in which students' good conduct registers are kept, and in case a year has not elapsed since he left school, an extract from the register relating to the candidate for the last year of his attendance at school, certified by the head master. In other cases a certificate that the candidate is of good moral character is required from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a District or Subdivisional Magistrate, or to the head of some Government office, this last fact being certified by the counter-signature of the officer in question.
- (iv) If the candidate is employed under Government, a certificate by the head of the office or department to the effect that in his opinion there is no objection to the candidate appearing at the ensuing clerkship examination.
- (v) A statement whether the candidate has appeared at any previous clerkship examination, and, if so, in what year.

11. The syllabus of the examination for admission to the Lower Division of the Secretariat is as follows :—

- (I) The preparation of a précis and an index of a series of official letters taken from a file (one paper of three hours) ... 100 marks
- (II) (a) The correction of a page of English containing mistakes of vocabulary, idiom and grammar and misspellings ... } one paper of three hours ... 100
- (b) The preparation of a draft letter from a typical office note ... }

- (III) A paper on general knowledge (one paper of three hours) ... 100 marks.
- (IV) Algebra and Geometry, the same standard as that for the Matriculation Examination of the University (one paper of three hours) ... 100 „
- (V) Arithmetic including particularly Percentage, Compound Interest, Discount, also the use of logarithms, algebraic symbols and graphs (one paper of three hours) ... 100 „

A series of long sums in Addition, Subtraction, Multiplication and Division to be done within a limited time will also be set.

No candidate will be credited with marks in any subject in which he fails to get one-fourth of the full marks.

12. As soon as practicable after the examination, the Central Examination Committee, Bengal, will report the result to the Secretary to the Government of Bengal, Finance Department. The report will contain the names of all the candidates in order of merit, and subject to their being adjudged fit on the results of the examination, the exact dates of their births and the number of marks obtained by each candidate in each subject. The candidates will then be offered, in order of merit, their choice of the various vacancies, and they will be appointed accordingly, subject to any arrangement which the Finance Department may find necessary in consultation with the department concerned, with special reference to rule 14. Any vacancy occurring after the examination and before the first day of the following April will be offered through the Finance Department to the remaining candidates in the list in the same way. Vacancies occurring after the 1st April in any year will be reserved for competition at the examination in the ensuing August.

GENERAL.

13. The head of an office will retain the power of appointing men of special ability or aptitude to any post in the office when such a post cannot be filled in the ordinary way.

14. (1) The head of an office will also reserve the power of appointing suitable Muhammadans to either the upper division or the lower division. In the case of the upper division of the Secretariat every third appointment in each office made under rule 3 shall ordinarily be given to a Muhammadan, provided he possesses the educational qualifications required by rule 3 (a). In the lower division of the departments of the Secretariat and attached offices every third appointment in each office shall ordinarily be given to a Muhammadan who possesses the educational qualifications required by rule 9 and furnishes the evidence required by rule 10. The assistance of recognised Muhammadan Associations and that of the Assistant Director of Public Instruction for Muhammadan Education should be utilised in securing qualified candidates for appointments in either division. In the lower division such selection shall be made only when there is no suitable Muhammadan candidate in the competitive examination to whom the post can be offered.

(2) Until the proportion of Muhammadans in the various offices reaches one-third, the claims of qualified Muhammadan candidates shall be considered in filling up all vacancies.

15. If at any time during the period of probation, or at its close the probationer's work is not considered satisfactory by the head of the office in which he is employed, he may be discharged and will have no claim to either gratuity or compensation. If, however, he was admitted from another office he may be reverted to his former appointment or if this is not practicable, transferred to another appointment on the same pay.

16. Every probationer, before appointment, will be required to produce a statement showing to whom he is related or connected in the office in which he desires to serve. He must state the precise relationship or connection and certify that his statement, so far as he knows, is correct and complete. If any wilful inaccuracy is subsequently detected in this declaration, the person making it will be liable to be discharged from Government service.

17. Promotion of clerks in the upper division is regulated by seniority and merit combined, but in the higher grades more importance will be attached to merit.

18. Every appointment is made subject to the production of a medical certificate from the Presidency Surgeon, who is entrusted with the duty of examining candidates for appointment in the particular office to which the probationer has been appointed.

19. Rules 7 to 12 and rule 14 will apply *mutatis mutandis* to the following offices:—

Board of Revenue, Bengal; Inspector-General of Prisons; Inspector-General of Police; Director of Public Instruction; Director of Land Records; Director of Agriculture; Inspector-General of Registration; Surgeon-General with the Government of Bengal; Superintendent of Emigration and Protector of Emigrants; Collector of Customs, Calcutta; Commissioner of Excise and Salt, and Director of Public Health, Bengal.

20. Copies of these rules may be obtained on application at the office of the Secretary to the Government of Bengal, Finance Department.

A. MARR,

Secretary to the Government of Bengal.

**RULES TO REGULATE THE TRANSPORT AND IMPORTATION OF
EXPLOSIVES IN THE PORT OF CALCUTTA.**

NOTE—Unless there is anything repugnant in the subject or context—

“Explosives”, as defined in section 4 of the Indian Explosives Act, 1884, and as used in these rules—

- (a) means gunpowder, nitroglycerine, dynamite, guncotton, blasting powders, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above-mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect ;
- (b) includes fog-signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions and every adaptation or preparation of an explosive as above defined ; and
- (c) includes any dangerous substance which may have been ordered by the Governor-General in Council, under section 17 of the said Act, to be deemed an explosive.

1. Except as is hereinafter provided no vessel shall have on board, within the limits of the port, any explosives except two storm or danger signals, six smaller lights of the same description, 24 blue lights, 24 rockets, or 24 socket signals with friction tubes, 24 detonating signals with friction tubes, or, in lieu thereof, 24 one-pound charges of

gunpowder for use in a gun together with a small box of friction tubes and a flask of priming powder, 24 private signals of any Company, and 12 red lights for each boat and life raft carried under the statutory rules for life-saving appliances (made by the Board of Trade under section 427 of the Merchant Shipping Act, 1894), and a reasonable quantity of safety cartridges for the equipment of the vessel or for the personal use of the officers on board the ship, provided that the quantities held by them are declared in the prescribed Customs Forms A and B, respectively, or in the case of a foreign vessel, in the Stores List of such vessel. Detonators and their friction tubes shall be stored separately. All explosives which vessels are by this rule permitted to keep on board in port shall be stored in all cases in separate, detached and completely enclosed magazines for each description of signals. The magazines should be kept in a house on deck and stowed or ranged as far apart as possible, so that in the event of fire they can be removed or thrown over-board.

2. All inward-bound vessels carrying explosives, in excess of the quantity prescribed by rule 1, are prohibited from proceeding above Budge-Budge.

3. Before entering the limits of the port, the Master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive in excess of the quantity prescribed by rule 1.

4. Masters of vessels having on board explosives belonging to the following classes, as laid down in the Indian Explosives Rules, 1914, shall make their own arrangements for the discharge of the explosives:—

- Class 1—Gunpowder.
- „ 2—Nitrate mixture.
- „ 3—Nitro-compounds.
- „ 6—Ammunition (detonators only).

5. All boats or barges containing explosives shall carry a red flag not less than 3 feet by 2 feet in size.

6. No smoking and no fire or light of any description except the red lamp between sunset and sunrise, shall be permitted on board of any boat which has explosives on board.

7. Explosives of all classes should, if possible, be discharged into wooden boats, barges or lighters. Iron or steel boats, barges or lighters may be used provided a wooden floor is laid and the sides are effectually covered with leather, wood, cloth or similar suitable material, so as to prevent the packages containing explosives coming in contact with naked metal.

8. No cargo boat shall be employed for the conveyance of explosives between Moyapur, Diamond Harbour and Uluberia, unless covered by a special license issued by the Port Commissioners. Such license will only be issued to cargo boats classified as class 1 in the Port Commissioners' schedule, which are provided with the safeguards mentioned in rule 7. The licenses must certify that the conditions stated above have been met and will require to be renewed at intervals of not more than four calendar months.

9. All boats, barges and lighters carrying explosives shall carry a buoy on deck with 15 fathoms of 3" rope, one end being attached to the buoy and one end to the boat, barge or lighter. The rope shall be attached to such part of the boat, barge or lighter as is most clear of spars, gear or other obstruction, the position to be approved by the licensing authority.

10. The buoy shall be a drum painted in red, 1'-9" in length and 1'-2" in diameter, properly strapped with an iron band in the middle having a ring attached for securing the rope and shall be approximately of the shape of the diagram set forth below, viz.—

[Note.—The size of this buoy has been so chosen as to permit of an ordinary 10-gallon oil drum being utilised for the purpose if fitted.]

Explosives that may be landed at Moyapore.

11. Explosives of classes 1, 6 and 7, that is to say, gunpowder, ammunition and fireworks as specified in the rules issued under the Government of India, Commerce and Industry Department, notification No. 4013-33, dated the 6th June 1914 (hereinafter referred to as the Indian Explosives Rules, 1914), if the quantity thereof is in excess of that prescribed in rule 1, shall be landed and deposited in the magazine at Moyapore.

12. Explosives of classes 2 and 3, division 2 (as specified in the Indian Explosives Rules, 1914) such as small-arms nitro-compounds may be landed and deposited in the magazine at Moyapore provided that such explosives are by their nature and composition suitable for use only in the loading of safety sporting cartridges and are not intended for or suitable for blasting purposes.

13. Explosives of classes 1 to 7 specified in the Indian Explosives Rules intended for despatch up-country may be discharged into boats only at Moyapur or Diamond Harbour and transported thence under Police guard to Uluberia or Diamond Harbour railway stations and there loaded into railway wagons for discharge to a magazine declared suitable by the Government of Bengal under rule 24 of the Indian Explosives Rules, 1914, subject to the following restrictions, viz. :—

- I. The transport should be covered by a pass to be granted by the District Magistrate, 24-Parganas.
- II. The loading into and unloading out of boats should be done during daylight.
- III. No boat with explosives shall be moored at Uluberia station inside the railway boundary.
- IV. Explosives shall be removed direct from boats to wagons.

14. For the convenience of vessels having ship's gunpowder, ammunition and fireworks on board, a properly constructed powder-boat shall always be in attendance off the magazine for landing and shipping such explosives. No charge will be made for the use of the boat for landing these ship's explosives, but the responsibility of the magazine-keeper in respect of the ship's explosives shall not commence until they are landed on the bank, and shall cease as soon as they are shipped on board the boat. Every precaution shall be taken to insure the safety of the explosives while in the boat, but the landing and shipping shall be at the risk of the vessel.

15. Vessels bringing consignments of trade explosives shall be allowed the use of the magazine powder-boat; but, should passing vessels require the use of the boat to put out or take in ship's explosives, such vessels shall be accommodated before the boat is used to discharge explosives brought as cargo. The landing of trade explosives, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing or until the consignments are stored in the magazine.

16. Masters of vessels requiring the use of the magazine powder-boats shall hoist a flag at the fore-topmast head on coming in sight of the magazine, as a signal to the keeper to have the boat and coolies in attendance.

17. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ship's explosives previously to their being landed; if not marked, they shall not be received by the magazine powder-boat.

18. The magazine-keeper shall give to the Master of any vessel landing explosives at the magazine a receipt for the number of packages, and the magazine-keeper shall be accountable to such Master for the re-delivery of such packages.

19. A clerk shall always be in attendance in the magazine powder-boat, and shall receive from the Master the declaration specified in rule 3.

20. If any vessel shall be prevented, by stress of weather or by being in distress, from landing or depositing any explosives which are in excess of the quantity prescribed by rule 1, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matteabrooj Ghat, and the Master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

21. Masters of outward-bound vessels, who may require ship's explosives for their outward voyage, shall not take such explosives on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding that prescribed in rule 1.

22. Masters of vessels, who have deposited ship's explosives at the magazine, shall inform the Harbour Master of the date on which the vessel will pass the magazine outward-bound, and, on receipt of this information, orders shall be forwarded to the magazine-keeper to place the said explosives in the magazine powder-boat, and to send it off at such time as will avoid any detention of the outward-bound vessel. Before taking the explosives on board, the receipt granted by the magazine-keeper shall be given up.

Explosive that may be landed at Prinsep's Ghat.

23. Such boats as are approved for this purpose by the Boat Surveyor to the Port Commissioners shall be permitted to take on board at the Moyapore Magazine and bring as far as Prinsep's Ghat, under cover of licenses to be granted by the Commissioner of Police in such form as may be prescribed by the Local Government, 500 lbs. of trade gunpowder which is the property of dealers and consignees. For each boat the dealers shall supply an armed guard (pensioned sepoy), whom the Commissioner of Police, Calcutta, will select.

24. Delivery of trade gunpowder into boats at the Moyapore Magazine for conveyance to Calcutta shall only be made upon orders issued by the Port Commissioners.

25. No boat conveying gunpowder in accordance with the provisions of rules 23 and 24 shall be allowed to proceed above Prinsep's Ghat. No powder shall be landed at any ghat, other than at Prinsep's Ghat, except with the special permission of the Port Commissioners.

26. The provisions of rules 23, 24 and 25 shall apply to Chinese crackers, provided that dealers in Chinese crackers shall not be required to employ an armed guard or to maintain a boat exclusively for the purpose of carrying Chinese crackers. The boats that are used for this purpose must be approved by the Boat Surveyor to the Port Commissioners.

Explosives that may be landed at the docks or jetties.

27. Explosives specified in the first division, class 6, of the Indian Explosives Rules, 1914, viz., safety cartridges, safety fuzes for blasting, railway fog-signals, and percussion caps which have been brought as part of a general cargo, and placed on board the vessels while lying in dock at ports of shipment, may be brought into port and landed at the docks or jetties in accordance with the regulations prescribed in that behalf in the Port Commissioners' by-laws.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small-arms of which the case can be extracted from the small-arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges. The term also includes rifle-calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles, or with machine-guns which have special chambers.

The maximum diameter at which a small-arm or machine-gun cartridge can be accepted as "safety" is one inch.

28. Explosives shall not be landed within the port or at Moyapore or Diamond Harbour at any time when it is necessary to use artificial lights, and no explosives shall be landed, received into, or delivered from the magazine when it is necessary to use artificial lights.

29. Whoever contravenes any of the provisions of rule 2, 3, 4, 5, 6, 7, 8, 9, 10, 20, 21, 23, 25 or 28 shall be punished with fine which may extend to the amount mentioned in the proviso to section 5 (3) of the Indian Explosives Act, 1884 (IV of 1884).

(License granted under Marine Department notification No. 78 Marine, dated the 10th July 1923, governing the transport of explosives in the Port of Calcutta.)

(Vide rule 23 of the rules)

Free.

License is hereby granted to Messrs.

.....

to convey by river 50 lbs. of gunpowder from Moyapore Magazine to Prinsep's Ghat, subject to the rules framed thereunder and to the conditions specified on the reverse.

Commissioner of Police, Calcutta.

(Reverse.)

Conditions.

1. The gunpowder shall be packed in accordance with schedule IV of the Indian Explosives Rules, 1914.

2. If not made use of within 15 days from its date of issue, the license shall become void.

Educational Notices.

GOVERNMENT COMMERCIAL INSTITUTE, CALCUTTA.

The Evening Lectures.

Courses of evening lectures are delivered in the following subjects. A student can take up one subject or several subjects, provided the class hours permit him to attend the lectures in each subject :—

- (a) Book-keeping (Elementary).
- (b) Book-keeping (Advanced).
- (c) Shorthand (Theory).
- (d) Shorthand (Speed).
- (e) Typewriting.
- (f) English (including commercial correspondence, letter-drafting and précis-writing).
- (g) Outlines of Political Economy.
- (h) Banking and Currency.
- (i) Annuities and Insurance.
- (j) Mercantile Law.
- (k) Accountancy and Auditing.

The courses of lectures commence in July and continue until the following April except the course of Accountancy and Auditing, which extend over two years.

(a) **Book-keeping (Elementary).**—Students having a satisfactory knowledge of English and Arithmetic are admitted. Text-book—Arthur Fieldhouse's Complete Book-keeping, up to 100 exercises including partnership accounts. The fee for the full session, July to April, is Rs. 24, payable in eight monthly instalments of Rs. 3 each. Classes are held three times a week from 6 to 7 P.M.

(b) **Book-keeping (Advanced).**—Students who have passed the Elementary Book-keeping Examination, or who can give satisfactory proof of their knowledge of Elementary Book-keeping up to the requisite standard, are admitted. Text-book—Complete Book-keeping by Arthur Fieldhouse. The fee for the full session, July to April, is Rs. 32, payable in eight monthly instalments of Rs. 4 each. Classes are held twice a week from 6 to 7 P.M.

(c) **Shorthand (Theory).**—Pitman's Shorthand is the system taught. Students having a sufficient knowledge of English are admitted at the beginning of the session in July. Students are also admitted in December, provided they have already a sufficient knowledge of Shorthand to enable them to appreciate the lectures in the session, December to April.

The minimum speed required to pass the examination is 80 words per minute. The class is held daily from 5 P.M.

The fee for the session, July to November, is Rs. 12, which may be paid in four monthly instalments of Rs. 3 each. The fee for the session, December to April, is Rs. 16, which may be paid in four monthly instalments of Rs. 4 each.

(d) **Shorthand (Speed).**—Students having a speed of 60 words per minute are admitted in July, and the class practice is from 60 to 120 words per minute.

Students having a minimum speed of 80 words per minute are admitted in December, and the class practice is from 80 to 140 words per minute.

In the examination the tests are at four grades of speed, 80, 100, 120, 140 words per minute, and at higher speeds if candidates can write more rapidly. Classes are held daily from 6 P.M. Fees are the same as for (c).

(e) **Typewriting.**—Beginners are admitted in July. Students having a minimum speed of 20 words per minute are admitted in December. Text-book—Practical Course in Touch Typewriting by Charles E. Smith. The minimum speed required to pass the examination at the end of April is 35 words per minute. Certificates are issued for 35, 40, 45, 50, 55, 60 words per minute. For each of the speed tests there is a corresponding accuracy test in tabulating. Classes are held at 5, 6 and 7 P.M. Tuition fees are the same as for (c). A stationery fee of Re. 1 is payable on admission.

Combination of the above subjects and reduction of fee.—If a student simultaneously takes up two or three of the subjects (a) to (e), a reduction of Re. 1 per instalment of each of the fees payable by him will be granted: for example, if a student is a member of both the Shorthand and the Elementary Book-keeping classes, he will have to pay instalments of Rs. 2 for each subject instead of Rs. 3 for the session, July to December.

(f), (g), (h), (i) and (j).—Classes are formed in these subjects if a sufficient number of candidates apply for admission. The fee for each subject is Rs. 3 for each series of ten lectures.

(k) **Accountancy and Auditing.**—There are two courses of year each for ordinary students, or one year for those who are already practising as Auditors, to prepare candidates for the Government examination of Diploma in Accountancy, which qualifies them to obtain the Government license to practise as Auditors. Students of this class have to attend Book-keeping and Mercantile Law classes, for which no extra fee has to be paid. The fee is Rs. 144, payable in advance in four half-yearly instalments of Rs. 36 each in the case of ordinary students and Rs. 72 in two half-yearly instalments of Rs. 36 each in the case of those who are practising as Auditors and hold a provisional license granted by Government.

2. **Examinations.**—The examination in subjects (a) to (j) is held at the end of April, at the end of the year's course, under the control of the Government Commercial Institute Board, and successful candidates receive certificates signed by the Director of Public Instruction, Bengal, and countersigned by the Secretary to the Bengal Chamber of Commerce. The examination fee for each subject is Rs. 5.

3. **Attendance.**—Strict regularity and punctuality of attendance are observed. Students must attend 75 per cent. of the lectures in order to appear at the examination. Classes are not held in the evening on Saturday.

4. **Standard of Admission.**—Candidates who have attended the lectures of the day course are eligible for admission. Others will be admitted, provided they appear qualified for the class or classes they seek to join.

5. **Prizes.**—Prizes of Rs. 50 each are offered by the Bengal Chamber of Commerce to the best candidates from the evening classes in subjects (b), (d), (f), (g), (h), (i) and (j). Three medals are offered by the Remington Typewriter Company to the best three students of either the day or evening classes in the Typewriting examination.

6. **Admission.**—Candidates for admission should send in their applications and register their names, with a deposit of fees, before the end of June. Candidates who desire to be admitted in December should apply before the end of November.

7. **Athletics and other institute activities.**—Students have to pay a fee of Re. 1 on admission for athletics and other institute activities.

8. Tuition fees for different subjects mentioned above may be slightly increased. The matter is under consideration of Government.

G. K. SEN, *Principal (offg.)*.

CALCUTTA, the 5th June 1923.

THE GOVERNMENT COMMERCIAL INSTITUTE.

The Day Course.

1. There is a specialized Day Course extending over two years. Candidates who have passed the Matriculation Examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

2. Compulsory subjects:—

- (a) English (modern), and especially English Correspondence, including Commercial Correspondence, letter-drafting and précis-writing.
- (b) Arithmetic, including Commercial and Mental Arithmetic.
- (c) An Indian vernacular.
- (d) Commercial Geography.
- (e) Book-keeping (Junior).

For an Indian vernacular, the Institute provides a thorough training in Bengali. Students taking up any other vernacular are given directions for the examination for which they have to prepare themselves. Anglo-Indian candidates who have passed the Higher Standard examination in an Indian vernacular held by the Inspector of European Schools, Bengal, or who have passed the Lower standard examination in an Indian vernacular held by the Board of Examiners, will be further examined in the same vernacular in the following manner:—

- (1) They will be examined orally to test their command of the vernacular for the ordinary purposes of business.
- (2) They will have to translate into English a business letter dictated in the vernacular, and will be examined in both the dictation and translation.

3. **Optional Subjects.**—Shorthand and Typewriting—(A candidate may take up one or both, according to his option).

A student must take up all the compulsory subjects and must pass in each to obtain the final certificate. Passing in the Optional subjects—Shorthand and Typewriting—is counted towards a prize.

4. **Examination.**—At the end of the first year's course, an examination is held to determine promotion to the second year class and to decide the award of scholarships. At the end of the two years' course the final examination is held towards the end of the April or the beginning of May. A candidate who fails in one of the five compulsory subjects is not eligible for a pass certificate. A candidate who fails in one subject only in the final examination may appear again in the final examination in the following year in that subject without attending the class. A candidate who fails in only two subjects in the final examination may appear in the final examination in the following year in those subjects, provided that he attends the classes in those subjects.

A candidate who attends a final examination to be examined in a subject in which he has previously failed must pass again in English, if English was not a subject in which he had failed, in order to obtain the diploma.

5. Text-books.—The following text-books are prescribed:—

- (a) English—Hooper and Graham's "Home Trade."
- (b) Arithmetic—Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic."
- (c) Bengali—"Kapalkundala" by Pankim Chandra Chatterjee, and "Prathamik Babasasinksha" by Santosh Nath Sett.
- (d) Geography—"Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "A School Economic Atlas" by J. G. Bartholomew and "A new Geography of the Indian Empire, Burma and Ceylon" by Morrison.
- (e) Book-keeping—Arthur Fieldhouse's "Complete Book-keeping."
- (f) Shorthand—Pitman's Shorthand Instructor, Centenary edition.
- (g) Typewriting—Practical Course in Touch Typewriting by Charles E. Smith.

The text-books cost about Rs. 35.

6. **Session and Fees.**—The session begins about the end of June and closes about the end of April. The usual summer and Pujā vacations are given. The students have to pay an admission fee of Rs. 5 and monthly tuition fee at the rate of Rs. 5 beginning from June. The final examination fee is Rs. 8. Tuition fees are to be paid monthly in advance after admission. Stationery fee of Re. 1 is payable once a year at the beginning of each session by the students who have taken Typewriting as optional subject. A yearly subscription of Re. 1 is also payable at the beginning of each session by students of both the first and second year classes for Athletics and other Institute activities.

7. **Attendance.**—Strict regularity of attendance is enforced. Students attending less than 75 per cent. of the lectures are debarred from promotion to the second-year class or from appearing at the final examination. Classes are held from 10-30 A.M. to 4 P.M. with half-an-hour's interval daily from 1-30 to 2 P.M. On Saturdays classes are held from 10-30 A.M. to 1-30 P.M.

8. **Scholarships and Prizes.**—Three scholarships of Rs. 12 each per mensem, tenable for one year are awarded to those students of the first-year class who, among those admitted, have secured the highest marks in English at the Matriculation Examination of the Calcutta University. Three scholarships of Rs. 20 each per mensem, tenable for one year, are awarded to those students of the second-year class who obtained the highest total marks at the examination held at the end of the first year's course. Holders of Junior and Senior scholarships at the Matriculation Examination are not eligible for these scholarships. The best two students in the final examination at end of two years' course obtain prizes of Rs. 75 and 50, respectively, offered by the Bengal Chamber of Commerce. The Remington Typewriter Company present medals to the best three students in typewriting at the final or special examination.

9. Applications for admission must reach the Principal before the 30th June every year. As only a limited number can be enrolled, priority of application is considered.

(A separate prospectus is issued for the evening lectures.)

WEDNESDAY, JULY 18, 1923.

PART II.

Advertisements.

LAND SALE NOTICES.

Advertisement of sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government situated along the Assam Bengal Railway, in the district of Mymensingh, will be put up to sale at 12 o'clock, on the 30th August 1923.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Sheriff's Sale Proclamation.

TO be peremptorily sold pursuant to an order made by the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction and dated the 27th day of March 1923 in suit No. 2726 of 1921 (Jogendra Chandra Khan *versus* Shri. Padmarani Dasai and another) by the Sheriff of Calcutta in his sale-room on the ground floor of the Court house by public auction on Friday the 17th day of August 1923 at the hour of 12 o'clock noon the right title and interest of Lucky Narain Patro deceased in the under-mentioned property.

All that two-storied brick-built messuage or dwelling house together with the land or ground whereon or on part whereof the same is erected and built containing by estimation one and half cottahs more or less situate lying at and being premises No. 14 Chasadhopapara Street in Sutanutty in the town of Calcutta and butted and bounded on the north by premises No. 15 Chasadhopapara Street on the east by a common passage on the south partly by a bustee land and partly by Chasadhopapara Street and on the west by premises No. 13 Chasadhopapara Street.

It appears from searches made in the Calcutta Registry office from 1865 to date that there are no encumbrances affecting the above property which is to be sold for realisation of Rs. 1,845 with interest thereon at the rate of 8 per cent. per annum from the date of the decree made herein and dated the 7th February 1922 until realization and for recovery of Rs 339-3-9 being the taxed costs under the said decree with interest at the like rate from the 21st June 1922 (date of taxation) until payment and the costs of execution.

The condition of sale may be seen at the office of the said Sheriff on any day before the sale and will be produced at the sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

Notice to creditors under section 10A of Act IX (B. C.) of 1879.

WHEREAS under sections 7 and 35 of the Court of Wards Act, IX (B. C.) of 1879, as amended up to date, the Court of Wards has assumed charge of the property of Babu Jagat Prasanna Mukherji and Sailaja Prasanna Mukherji, sons of late Rai Grijja Prasanna Mukherji Bahadur of Gobordanga.

Notice is hereby given under section 10A of the said Act that all creditors having claims against the said Jagat Prasanna Mukherji and Sailaja Prasanna Mukherji or their immovable property are hereby required to submit the same in writing to the Collector of 24-Parganas at his office at Alipore within six months from the date of publication of this notice.

Creditors are also hereby warned that claims not submitted as required by this notice are liable to be deemed to have ceased to carry interest.
